BUSINESS TOPICS.

People's Store.

We are showing special drives in dress goods, at 35c., 50c., and 60c. a yard, in double-fold goods; they are very cheap.

An elegant line of all silk colored and black satin rhadamas, as heavy as a board, all pure silk; best value ever offered in the United States, $1 25 per yard; worth $2.25. If they interest you look at them.

Combination dress suitings, the very newest novelties in velvets and dress goods, 19 yards in the pattern, $6.98.

Remnants of indigo blue calicoes, various lengths, 5c. a yard, the very best goods made.

Bedspreads today, $1 25 apiece. You can see what they are in the window.

Men's and boys' felt hats today, to close them out, 95c.; worth $2.50.

Ladies' shoes in French kid, buttoned, $2.75.

Window-blind fixtures, complete, 50c.

Ladies' muslin chemise drawers, or skirts, 75c.; cheap at $1.25. People's Store.

Marble, Sandstone and Black Granite.

The Tehachipe Building Stone Company are now prepared to fill orders of any dimensions at short notice, to stone-cutters, contractors and builders, for their fine-grade gray marble, brown, yellow, green and white standstone and black granite from their quarries at Tehachipe. Samples at office, 12 Court street. Postoffice Box 1338. ROBERT A. LEWIS, Secretary.

Into the Orange Groves.

If you are a tourist or stranger, a trip over the San Gabriel Valley Railroad now will give you more pleasure and a better view of the typical beauties of Southern California, its homes, orange groves and possibilities of growth than any other. Take daily tourist excursion, at 9:20, for Pasadena, Rose's, Baldwin's and Sierra Madre Villa. Round-trip, $2. Rail and carriage.

At the ladies and gents' parlors of the Carbolic Smoke Ball, rooms 3 and 4, over 28 North Spring street, Los Angeles, they give free tests in order to prove their assertions. Truly, it's a wonderful curative discovery for such diseases as catarrh, colds, asthma, etc. Send for testimonials of our best citizens.

Bluett & Sullivan, the reliable clothiers, make a double-column announcement today that is worthy the attention of all people who wear clothes—and most people do. They can outfit anything male, from a very small boy to a great statesman.

Removal.

H. E. Small, dentist, removed to Hollenbeck block, Spring street, corner Second.

The Health Officer has opened rooms, at 8 and 9 Wilson block, for free vaccination.

Dr. Kiger's vaccinating parlors, 324 South Spring street, are kept open early and late.

NOT SO SCARED.

THE FOOLISH SMALLPOX EXCITEMENT ABOUT OVER.

The Cases Very Mild, and the Precautions Multiplied—The Exact Situation at 9 o'clock Last Night.

The full and exact publication in yesterday's TIMES of all the facts in relation to the smallpox did much to allay the unreasoning and wild excitement which had been caused by the lies of fools and unscrupulous persons. People were surprised that they hadn't reflected sooner that it would be impossible to stop the trains and put the city in a state of siege, even if there were any possible cause for so doing, as there is not. They also began to feel a little ashamed of themselves for believing this and the equally crazy stories about the number of cases. The official statements of the Mayor and the City Health Officer—which will be given daily until the matter is ended—showed how slight is the cause for alarm, and how mild is the type of the disease. There have been no more deaths; and three in three weeks is a pretty good showing. The present cases are the expected "second crop," originating from the first; are nearly all very mild, and do not give any further cause for apprehension. An exact statement of the situation at 10 o'clock last night follows:

TOTAL CASES.

Tuesday night there were 14 cases in the smallpox hospital, 10 quarantined and 3 dead; total, 27. Yesterday 4 of the 8 convalescents were discharged from the hospital, and 2 new cases admitted, leaving 12 in the hospital. Fourteen other cases are quarantined at various points. The number of deaths has not increased; so the total number of cases to date is 33.

CASES IN QUARANTINE.

Following is the full roster of cases now in quarantine—which includes every case outside the hospital, except those discharged cured: 333 Center street (near the river), a Mexican aged 32, who had an armed posse of his countrymen around to prevent his being taken to the hospital; 621 Hill street, between Seventh and Eight, Niles Pease's 14-year-old son; corner Main and Seventh streets, two Mexican girls aged 10 and 12; corner Spring and Fifth streets, Officer Harthorn; 257 New High street, two Mexican girls aged 12 and 14; 21 Philadelphia street, a girl of 12; Goss's brickyard (not the Buena Vista-street one), a girl aged 6; corner Pearl and College streets, a boy of 14; Boyle Heights, near Evergreen Cemetery, William Reddy's boy, aged 16; near smallpox hospital, three children of —— Downs, sexton of the Jewish Cemetery, ages ranging from 2 to 7 years.

All these houses are properly placarded and hung with yellow flags, and a policeman is on watch at each one, except the last two, which will be provided with officers today.

NEW CASES.

The last-named four cases were discovered yesterday. Two other new cases were yesterday sent to the hospital. One was a barkeeper, taken from the saloon at 318 New High street. The other was a tramp who arrived from Stockton two days ago, and gave himself up at the police station yesterday. He was carefully quarantined in the "city hole" until the ambulance could be brought, and was then taken to the hospital. Another man with an eruption on his face was captured by the police and quarantined in the hole, but proved to be a patient whom the authorities had already found to have nothing worse than eczema the matter with him.

THE SISTERS OF CHARITY.

As announced in yesterday's TIMES, the Sisters of Charity have made a formal proposition to take entire charge of the smallpox hospital and the entire care of the patients. This proposition has been accepted, and Sisters Josephine, Xavier and Veronica will assume charge at the hospital in a day or two—as soon as the little cottage for them can be put up. This is welcome news to all, and leaves no possible excuse for patients to refuse to go to the hospital. Dr. C. D. Seaman is now regularly quartered at the hospital as resident physician.

NEW HEALTH OFFICE.

It has been found impossible and improper to keep the free vaccination office in the Wilson block, First street, where it has been established a few days. There was a motley throng there all the time, and the tenants—with Ralph E. Hoyt at the head—made such vigorous remonstrance that a change was decided upon. This morning the health office will be located in a tent in the "city hole," corner of Spring and Second streets, the most isolated spot available. Here all who desire to be vaccinated will be treated free of charge. There was a drouth of vaccine points in the city all day yesterday, but last night 1000 were received, and this morning there will be 1500 more. Dr. Ross also got 900 points late yesterday afternoon, and in a short time vaccinated 125 railroad employés.

NEW HOSPITAL.

The present hospital is being radically improved, and everything possible done for the comfort of patients. To guard against any possible contingency, however, the Board of Health has selected a new site, 1000 feet back of the northwest corner of the Catholic Cemetery, half a mile from any residence. The spot is in a cañon among the hills, has water and other advantages. Upon this site a new $3000 hospital will be erected at once. The plans are now being drawn. The building will be a one-story cottage, probably in the form of a Maltese cross, as this gives the best chance for light and ventilation, and will contain about 40 rooms. It is a wise thing to have it for any emergency at any time, even though there be no present necessity for it.

INSPECTORS ON THE TRAINS.

Dr. Tyrrell, secretary of the State Board of Health, will visit Los Angeles in a day or two. According to President Orme's suggestion, the Board will have inspectors—probably stationed at Yuma and Mojave—to inspect all trains and see that no cases of any infectious disease are allowed to pass on and spread trouble. These inspectors will be put on in a few days. This is the utmost possible extent of the dreaded quarantine, which some people were imbecile enough to suppose meant the stoppage of trains—a thing which the Governor and the Legislature together could not do.

AN OFFICIAL COWARD.

One of the disgusting features of the fast-abating scare is the case of Policeman Harthorn, who is sick at the corner of Spring and Fifth. When he was taken down, Health Officer Hagan prepared to remove him to the hospital, put up a floored tent for him, and arranged to give him every luxury. Harthorn promised to go, but was persuaded out of it by Policeman Grubbs, who rooms in the same building, but is not sick. It would be expected that a paid officer of the city would be the first to obey the orders of the health authorities; but this person, who will doubtless have a bill before the Council in a week or two fore full pay for the time he was sick, cowardly refused to go to a place where he could be better taken care of than where he is, and has already exposed several persons to the disease. His case is very light and he has not even the excuse of serious sickness as an objection to being removed. He will probably lose his head, as he should. He is now strictly quarantined, as is also the man Grubbs.

COUNTRY CASES.

Chairman Rowan, of the Board of Supervisors, reports two supposed cases at Santa Monica and one at Compton. As already noted in THE TIMES, the Supervisors have taken full precautions to stamp out any case that may appear outside the city limits.

IT WAS DAVIS.

Final Identification of the Hospital Suicide.

Coroner Meredith has received another letter from the wife of F. M. Davis, the Oregonian who committed suicide at the Sisters' Hospital a few weeks ago with a revolver. This letter convinces him that the identification is complete, even to the repaired boots. The letter, somewhat edited, is as follows:

MONMOUTH (Or.), March 4.

Mr. J. M. Meredith—DEAR SIR: Yours of the 26th is at hand. In regard to his clothing, his coat was a dusty black, and vest like it; he had home-bound black pants, a silver stem-winder watch with gold chain, twisted links. His cuff buttons were different—one a kind of shiny pearl, the other plain. His boots had been capped and half-soled. He had woolen wristlets when he left home, with black and green, blue and white yarn. His hat was stiff-rimmed, and his tie black satin. He changed his coat after leaving home, and I can't describe it. He did not smoke a pipe, but cigars. He had a revolver when he left home—I think a six-shooter.

Hoping to hear soon, I remain, Respectfully yours, MRS. F. M. DAVIS.

A SPOUTING SPRING.

Ash's Victim Again Badly Bled—A Close Call.

Harry Chandler, who was so nearly butchered by Jim Ash a few days ago—Ash severing his temporal artery with a glass—has had another close call. As will be remembered, the severed artery was not ligated when the wound was dressed, and it was with great difficulty that the fearful flow of blood was staunched. Tuesday night, Chandler was in McGinnis's saloon, on North Main street, opposite Commercial. Some fellows were dancing around, and Chandler got to laughing at their antics. The pressure was too much for the half-healed wound, and it broke open, sending a great jet of arterial blood clear across the room. It looked as though Chandler would bleed to death, but he was taken to Dr. Kurtz, who finally caught the ends of the artery and ligated them properly.

BANNING'S BILL.

He Hunts the Owners of the Kennebec.

In the Superior Court, yesterday, W. L. Banning, as plaintiff, filed his complaint against A. Ford, master and one of the owners of the ship Kennebec, and John Doe, Richard Roe, and several other fictitiously-named parties (not knowing their true names) as coowners of said ship, in which he claims $327.13 as due to him from the defendants for goods, wares and merchandise sold and delivered to and on account of the ship Kennebec and crew, between January 11 and March 8, 1887, at the special request of Ford. He also claims in addition the sum of $106 on account against the owners for goods and wares furnished in the same way by Vickery & Hinds, the account having been assigned to the plaintiff, making a total of $437.13, for which sum and costs he asks judgment.

PERSONAL NEWS.

The first east-bound train was two hours late yesterday.

Hermann, the noted conjuror, is in the city on business.

The new town at Aznsa is expected to be laid out within ten days.

A $70,000 sale of real estate in Boyle Heights to three capitalists is in progress.

W. F. Borton and wife arrived from Terre Haute, Ind., last evening, and are at the St. Charles.

Phil Armour and his party left in their special car for San Francisco last night on their return East.

Ex-Sheriff Rowland is laying out a new town six miles east of Puente, on the Southern Pacific Railroad.

Dan Morris Sullivan's Mirror of Ireland plays three nights and a matinee at Armory Hall, beginning the 17th.

Mrs. G. H. Allen and F. S. Lusher, New York; E. S. Pike and family, Chicago, came in late last evening from the East.

B. F. Doten, of Boston, Mass., a brother-in-law of George O. Ford, late of the St. Elmo, arrived yesterday, and has come to stay.

John L. Truslow, the general Western passenger agent of the Atchison, Topeka and Santa Fé, will remain here until tomorrow.

A fellow, whose name is unfortunately unknown, made a brutal exhibit of his nature by abuse of two horses on First street yesterday.

T. A. Donecker and sister, Omaha; J. K. Hall, Kansas City, and Dr. F. W. Prittock and wife, Wichita, Kan., arrived late last evening, and are at the Natick.

I. W. Taber, the well-known San Francisco photographer, has opened a branch establishment at the Nadeau House, for the sale of his beautiful views of Pacific Coast scenery. He has just received a new assortment of local views.

The Weekly Independent, a family newspaper which will try to be "honest, fearless, reliable, clean," religious and impartial, will be issued April 2 from 212 W. Second street. No names of editors or proprietors are given in the prospectus, but the office is at Y. M. C. A. headquarters.

Col. Woodford.

Col. George Woodford's appointment at Long Beach has been changed from Sunday, March 12th, to Friday p. m. March 10th. A mass temperance meeting will be held at the Long Beach Tabernacle, Friday evening.

San Diego Oranges.

Some very handsome oranges from Maj. Levi Chase's El Cajon ranch, San Diego county, and from J. S. Harvey's place in the Jamul Valley, are shown at the San Diego agency, 115 West First street.

MORE NADEAU.

THE FAMOUS WILL CASE BOBS UP IN ANOTHER ROLE.

Joseph F. Nadeau Brings Suit to Have the Document Giving the Nadeau House to His Stepmother Declared Null and Void.

Another move in the important and interesting Nadeau will case was made by the filing, yesterday, in the Superior Court, of the complaint of Joseph F. Nadeau as plaintiff against Laura M. Nadeau as defendant. The document is quite lengthy, consisting of nineteen pages of legal cap. In it plaintiff sets forth the death of Remi Nadeau, on January 15th last, and the alleged fact that at the time of his death he was the owner of property, real and personal, of the value of $1,300,000, including the Nadeau House block, valued at $500,000.

Also, that his only heirs-at-law are plaintiff, George A. Nadeau, Mary R. Bell and Julia F. Tilton; that all this property was the separate property of decedent; that on December 30th, 1886, defendant procured from Remi Nadeau an instrument in writing, signed by him, conveying to said defendant the property known as the Nadeau House, free from all incumbrance.

That at the time of making said instrument, decedent was of unsound mind, wholly incapable of making any contract, and unconscious of the effect of the paper; that it was made without consideration; and for each of these separate reasons is wholly void. That at the time of making the instrument Remi Nadeau had been very ill for a long time, thereby affecting his mind, and the document was procured from him by defendant for the purpose of getting for herself and her children the greater part of the estate, and to cheat and defraud the children of said Remi Nadeau, of whom plaintiff is one. That upon the property was a mortgage of $550,000, of which $225,000 was a lien upon the hotel property.

A statement on a second cause of action sets out the same facts with more particularity, and also alleges that Remi Nadeau, having been in ill health for a long time, was in the habit of using intoxicating liquors in excess to ease his pain, and this, with the other causes, had weakened his mind. That defendant worked on him a long time to get this property, and kept his children from seeing him; but, so long as he had full possession of his faculties he did not yield to the importunities of the defendant, although finally induced to do so. The plaintiff prays the judgment of the court to declare this instrument null and void and for such other relief as the case justifies.

J. D. Bicknell and Chapman & Hendricks appear for plaintiff.

ANNUAL SOCIAL

Of the Several Chautauqua Circles of the City.

The second annual social reunion of the Chautauqua students took place last evening at the handsome residence of Prof. G. R. Crowe, the president, at 941 Pearl street, and was in every way an elegant success. The object was to bring all the students of the course, that are within reach, together for purely social ends, to get acquainted, and exchange views in an informal manner. There was no programme provided of a literary sort. Miss Mollie Brown, late of Chicago, contributed two songs for the entertainment of all and delicious refreshments were served.

Those who were present were not only the representatives of the five circles of this vicinity, but individual students and members from the East added their presence and enthusiasm. There are in Los Angeles two hundred active members, and about twenty-five will complete the four-year course this summer. There will be given the annual literary exercises soon in some hall or church, and it is the earnest desire of all that the membership be increased. It certainly deserves patronage.

Rev. S. J. Fleming, of Long Beach, was present, and is the superintendent of arrangements for the Southern California Assembly, to be held at Long Beach, July 20, and for three weeks following. He has secured some excellent talent from the East as lecturers, and there is every promise of a great success. There are 700 active members and 5000 interested persons in Southern California.

About seventy-five persons were present, many of them well along in the middle of life, and all enthusiastic. Prominent among those present were the following:

Dr. Grovner and wife, Miss Smith, Buffalo, N. Y.; Dr. Miller and wife, Mr. Simones and wife, Mr. J. D. Burch and wife, Dr. Rose Talbott, Mr. Nay and wife, Mrs. Leal, Mr. Dunlap, Mr. McCoon and wife, Mrs. Widner, the Misses Nettleton, Mrs. Lawrence, Mr. and Mrs. Bairight, Miss Leta Breed, Miss Mollie Brown, Mr. and Mrs. Bakersville, Mrs. Field, Mr. and Mrs. W. D. Gould, Mr. Perkins, Miss Anna Mills, Mr. Bresser, Miss M. Knapp, Mr. and Mrs. John Brown, Mr. Beatty, Mr. McKinney, Mrs. Swift, Dr. Wilder and wife, Mrs. Carey, the Misses Paul.

JUDICIAL DIVISION.

How the Court Work will be Divided Up.

The four Superior Judges of Los Angeles county have agreed upon the following apportionment of business:

Department No 2, Gardiner, Judge—All probate business, insolvency proceedings, insanes and appeals from justices' courts.

Department No. 3, O'Melveny, Judge—One-half the criminal business (all odd-numbered cases), and all civil cases wherein a jury is demanded or is ordered by the court.

Department No. 1, Cheney, Judge—One-half the criminal business (all even-numbered cases), and one-quarter of the remaining civil business.

Department No. 4, Hutton, Judge—All civil business not above included. As jury trial is given in but a very small proportion of civil cases, Judge Hutton will have something over one-half of the entire civil business.

Advertised Messages.

The following messages are at the Western Union office awaiting claimants: E. S. Bentley, J. L. Frank, Harry Aclic, David Raleigh, C. Gibb, Mrs. Fletcher Lawler, Charles Richardson, F. W. Mitchell, Miss Nettie M. Haslen (2), Philip Boder, M. S. Daniels, C. F. Karnes, Ed. Ascherman, care of J. Kubert; Felipe Buteller, Frank C. Reed, Joseph Gordon, F. D. Jones, Howard Keyser, J. M. Vass, Burnett Palmer, H. S. Fairchild, Miss Prudence Rose, W. D. Hixon, Eugene Freeman, Lucius M. Sullivan, Dr. J. F. Grover, A. W. Alverd, Louis A. Robertson.

LYNCH VS. VANDEVER.

FOURTH DAY'S EVIDENCE IN THE ELECTION CONTEST.

The Proceedings as Dull as Ever, and as Unfavorable to the Baseless Hopes of Lynch—Funny Phases.

Nothing startling was developed in the taking of testimony yesterday. Witnesses came in rather slowly, the first one called being

WILLIAM STOERMER,

who was sworn for contestant. His testimony was as to the number of men in line at the White House precinct on election day, where he was from 10 o'clock a.m. till the polls closed. The line was 60 feet long; couldn't say how long it took a man to vote. At the polling place at the engine house in the Fifth ward they polled about 700 votes during the day. At the White House precinct about 800. Twenty-five or thirty men were shut out at the latter place when the polls closed. Oh, no, I did not see any Republicans using dummies there.

Cross-examined: I saw the men who were in the line, standing around earlier in the day.

C. S. PARCELS

sworn: I reside in the Seventh precinct; have resided there for seventeen years. Last September I canvassed that precinct. People asked me when registration closed. I told them October 2d. After October 2d I told them it was too late to register for the State election (objected to by attorney for respondent). I saw Mr. Dunsmoor every day; was on friendly terms with him. He never told me of time for registration being extended. I was asked by A. N. Hamilton to support Dunsmoor for County Clerk, and refused to do it. (Objected to.) I was appointed deputy assessor to enroll names for registration, by Mr. Bilderrain, October 23d. On the 26th I went to the Clerk's office with some names, and they told me I would have to get Mr. Bilderrain. They said nothing about my appointment. On October 27th I enrolled ten or twelve names and took them in at 11:30 p.m, Mr. Bilderrain and others were with me. I handed them in with the affidavits, Mr. Neely, deputy clerk, said they should go on. Only one of them, Frank Rockhill, a Republican, was put on the Great Register. Only two names, of all I enrolled were entered on the Great Register or supplements. Was often in the Clerk's office and behind the counters, but never saw this (exhibit 5) anywhere. If Dunsmoor had told me on October 26th that my appointment was not filed I could have had time to reënroll the names I had taken. And if I had consented to support him, I believe he would have told me about it. (All of which is objected to by attorney for respondent as matter of opinion, incompetent, irrelevant and immaterial.) I am a Democrat and quite active in politics.

TERENCE COONEY

sworn: I am a deputy sheriff, and reside in Los Angeles; was candidate for the Assembly in the Seventy-seventh District at last election, on the Democratic ticket. As to the White House precinct there were fifty or sixty men in line; it would take a man twenty minutes to vote.

(County Clerk Dunsmoor here entered with a lot of affidavits, among which were the eleven referred to by Parcels, who was recalled. Affidavits shown him.)

CHARLES PARCELS:

These are the names that I enrolled and took to the Clerk's office at 11:30 p.m., October 27th. Mr. Neely was there at work, and we had no difficulty in getting into the office. (Mr. Dunsmoor testified that he had ordered the office closed at 10 p.m. that night, and to his knowledge it was not open later.) The affidavits were offered in evidence. Mr. Neely said he would put them on, but only Rockhill got on.

Cross-examined: It was just before October 3d that I had the conversation with Mr. Dunsmoor, in which I told him I was sorry registration closed on that date. I had no other with him, except the conversation with Thompson on October 26th. Mr. Dunsmoor was standing a few feet away at the time. I did not know any of the parties enrolled by me on the 27th. I have conversed with persons about coming here to testify—when I served subpœnas on them; don't know their names; talked with a few about what their testimony would be; did not offer them money for any purpose; have had conversations with some that I registered and did not serve with subpœnas, about testifying here. I have told them that their fees and mileage would be paid.

D. M. BERRY

sworn: Reside on Second street, Los Angeles. Was city editor of the Herald in October and November of last year. No notice of extension of time of registration was published in the Herald to my knowledge. I would have known it if it had been published. I was often at the Clerk's office. He never told me about the time being extended, and I never saw this (exhibit 5) anywhere; was at the White House precinct: there were about 100 men in line; it took them over half an hour to vote; saw some drop out.

Cross-examined: Remained there about half an hour. Did not time it. Don't know names of any who dropped out of line.

C. L. CRUZ

sworn: Am Deputy Sheriff, and was Deputy United States Marshal last election day. Saw forty or fifty men in line at White House precinct. It took a man half an hour to vote. This has always been a Democratic precinct by 300 or 400 majority. Action of Board of Supervisors in changing its boundary lines decreased the vote, I think.

Cross-examined: It was when Stoneman was elected, 1882, that it gave 300 or 400 Democratic majority.

Afternoon Session.

N. NEELY

sworn: Was Deputy County Clerk last October and November. Don't know whether I was in the office on the night of October 27. I was there when Parcels, Bilderrain and others came in. Don't know the date. It was at a quarter to 12 o'clock p.m. I was not at work. Office was not open. The deputies and others had keys. Parcels and the others demanded admittance, and Lynch, the janitor, let them in. If any one asks you what I was doing there at that time of night, tell him you don't know. What I was doing don't concern this case. I was caught there unawares by them. They demanded that I put those names on the register, and I told them I was not the registry clerk and had nothing to do with it. No other deputies were there. I am positive the office was closed. I took the papers under protest and promised to give them to Mr. Dunsmoor in the morning. Don't think they stayed over ten minutes. It was before twelve o'clock; that's the way they caught me there. At twelve I put out for home. I was not waiting for clerks to hand in names. I registered some names during office-hours. I was caught then by them, and if it had been the County Clerk himself he would not have known—he did not know what I was there for. When my wife is away I often drop in to talk with Mr. Lynch of an evening.

Cross-examined: I don't know whether the office door was locked or not.

H. W. PATTON,

sworn: I am employed on the Los Angeles Herald; was telegraph editor last October and November, but had a substitute when I was away. Notice of closing the registering on October 2d was given in the Herald September 26th and October 1st. No notice of the extension of time was given in the Herald, except a notice published on October 26th and 27th, saying registration would close the 27th. Was at White House precinct election day; there were 100 or more men in line, I should think; saw none drop out; don't know how long it took a man to vote.

J. L. PARKOVICH

sworn, and Mr. P. proved quite interesting: I voted at the White House last election. Was there nearly all day. Took me half an hour to vote. Some dropped out. Know one, Frank Atwater. There were 30 or 35 men in line when the polls closed.

Cross-examined: I was there all day, working for some friends of mine—working for all the Democratic ticket.

Judge Campbell. Were you employed?

A. (After long hesitation.) What do you mean?

Judge Campbell. Were you employed—paid?

A. Well—somebody told me to go to work, and afterward I was paid.

Judge Campbell. How much?

A. I—I don't know.

Judge Campbell. Don't you know how much you were paid?

A. (After a long pause.) Well, I got a check for $20, I believe.

Judge Campbell. From whom?

A. From a Mr. Waters, I guess.

Judge Campbell. He was secretary of the Democratic County Central Committee, was he not?

A. Yes, I guess so.

Judge Campbell. Who told you to go to work?

A. (Looking anxiously to his counsel.) Shall I answer?

His counsel. Yes, answer.

A. Well, it was Mr. DelValle or Mr. White—or Mr. Waters.

Judge Campbell. That's all.

T. J. CUDDY

sworn: I am ex-Chief of Police. Lived in the Second Ward, ten years; several of us talked about getting the Board of Supervisors to change the boundaries of the voting precincts. I don't think the action of the board in changing the boundaries of the White House precinct decreased the number of votes. As to condition of polls on election day, it was about the average. I am a wholesale liquor merchant.

Cross-examined: I presume the district covered by the lines of the White House precinct, as changed by the board, might have been less than before, but think the votes were more. It has always been 400 to 600 Democratic.

D. A. MORIARITY,

sworn: Am Chief Engineer of the Fire Department of Los Angeles. Have resided in the Second Ward three years. Probably 35 or 40 men were in line at the White House when I went to vote. Don't know how long it took a man to vote; there were probably 20 men in line at the polls at the courthouse.

JERRY COMACY

sworn: I reside in Los Angeles. Was appointed deputy assessor by Bilderrain October 22d last. Enrolled some names for registration. Those that could not write signed a cross. The last I enrolled were on October 27th. I turned in their affidavits to Bilderrain. (Affidavits shown him.) There were more than those—there were forty-two in all. Some that I enrolled October 23d they would not take, and I enrolled them over again after my appointment was filed. Some names I enrolled appeared on the Great Register. Was at White House nearly all last election day; voting was slow; a long line—some sixty or seventy in line when the polls closed.

Cross-examined: I am a street-car driver; have been for six week. I was doing nothing at time of election last year. My trade is a tinner. I did little jobs around from that time till I got on the street cars. Last engaged at my trade in September. (All this objected to by contestant's attorney as incompetent and irrelevant.) I was at the polls nearly all election day working for my party. Was not employed or paid for it.

F. BALLADE

sworn: Am a merchant on Aliso street. Did not understand English very well. Saw numbers of men in line at White House on election day—sixty or seventy men.

J. C. CARILLO

sworn: Was bartender on Alameda street last fall. Was enrolled, but did not offer to vote, as my name was not on the Great Register.

WILLIAM B. ROCKWELL

sworn: Have lived here twelve years. Voted at White House. There were twenty-five or thirty men in line. It took me thirty-five minutes to vote. Timed it.

C. GASSAGNE

sworn: I lived here last November. Don't understand English very well.

Cross-examined: I went to the White House to vote. Saw too big a crowd—forty or fifty men in line—so I went up and voted in the Fourth Ward, and took two of my men with me—men that work for me. I have a right to vote in two places, don't you know. (Here, to Attorney Robarts): You tell him about it—how it is.

Attorney Robarts (with a dreadfully "tired" look): I am not a witness here. I can't tell him.

Witness: Well, you talk Spanish to him, G—d d—n you!

Much merriment in court, amidst which the valiant Democrat retires, and an adjournment is taken to Thursday morning at 10 a.m.

The Soldiers' Home.

The following letter speaks for itself:

THE NATIONAL HOME FOR DISABLED VOLUNTEER SOLDIERS,
HARTFORD, Ct., March 1.

Mr. A. M. Lawrence, Secretary Board of Trade, Los Angeles, Cal.—SIR: Your letter of the 14th ult., transmitting a resolution passed by the directors of your board, relating to the establishment of a branch of the National Home for Disabled Volunteer Soldiers west of the Rocky Mountains, has been received. The papers have been placed on file and will be duly submitted to the Board of Managers National Home for Disabled Volunteer Soldiers, at their next meeting, April 19, 1887.

Respectfully yours,
W. B. FRANKLIN, President.

University Y. M. C. A.

The general secretary of the Los Angeles Young Men's Christian Association met yesterday with a number of students at the University for the purpose of completing the organization of a college branch of the association. The branch begins with twenty-four members, a good set of officers, and hopeful prospects. A room in the building, for their exclusive use, has been promised. The San Francisco Association expects to put $500,000 into a new building for young men.

Colored Immigration.

Rev. Stephen Saven, pastor of the African M. E. Church here, is interesting himself in turning colored people from the South to this section. He believes that this is a good place for his people, and that they will be good people for this place. He has already received numerous applications for servants.

Only a Box.

There was a lively blaze at the back of THE TIMES office at 2:45 a.m. yesterday, some boys having set fire to an organ-case filled with waste papers. The compositors extinguished the fire without difficulty, and Office, Auble and Watchman McCullough, who ran up from the Nadeau upon seeing the light, found only smoking ruins.

A Roof-walker.

Officer Auble found a burglariously-inclined individual walking over the roofs of the small shanties at the corner of First and Los Angeles streets, early yesterday morning. The tough escaped before he could be reached.

WOMAN'S RELIEF CORPS.

Frank Bartlett Post Corps Handsomely Entertains Its Friends.

The Frank Bartlett Woman's Relief Corps gave its entertainment Tuesday evening at the I. O. G. T. Hall. Owing to circumstances beyond the control of those directly concerned, there was but a slender attendance, not more than 125 being present. This, however, did not detract from the merits of the entertainment nor the enjoyment of those present.

Rev. Mr. Noble, late pastor of Plymouth Church, San Francisco, consented to preside, and did so with satisfaction to all. In his opening address Mr. Noble referred to Mrs. Ada Whitenmeyer as a noble example of woman's devotion to the soldier in the field, and especially in the hospital, where languishing men needed but home diet and woman's care to save their lives in many cases. Speaking of hard tack, he claimed that the indissoluble qualities of that unregenerate commodity was a fit emblem of woman's indomitable spirit of devotion to the soldier of the Rebellion. He said the spirit still exists, and is developed in and through the Woman's Relief Corps, of which the Frank Bartlett was the banner. The speaker commented very sharply upon the President's veto of the Dependent Pension Bill, and said his course was wholly inexplicable, and, while the soldier was not perfect, but had his vices, as others, in the words of Logan the man who offered his life, at the call of his country, to save the nation deserved the country's favor.

Three of the numbers on the programme were not responded to when called. The exercises rendered were: A vocal solo, Mr. Stoneman, very good. "Robert of Sicily" was given as a recitation by City Attorney J. C. Daley, in a manner that pleased all. Miss Smith sang after this. The selection was a good one, and pleasing, after the lady had recovered from a slight embarrassment. Mr. Hawthorn sang "Thy Sentinel Am I," in a style and voice that did one good to hear. Bessie Bell gave a recitation on the subject of "Women," of a comic order, and afterward favored the audience with another of the same nature. Miss Martin gave an instrumental solo, which was a good selection and well executed. After this, very plentiful refreshments were served alike to all present, and sociability completed the programme.

New Patents.

Hazard & Townsend, solicitors of patents, furnish the following list of patents issued to residents of California Tuesday, March 1:

Washboiler, Gotfreid Bergenheim, San Francisco: grape and apple-crusher, August David, San Francisco; bale tie, Andrew S. Hallidie, San Francisco; hose patch, William H. Loomis, Alameda; dredging machine, William H. Milliken, San Francisco; header, Charles M. and W. L. Slayback, Folsom; roofing material, George W. Swan, San Francisco; subway for cable railways, Charles Vogel and F. Whelan, San Francisco. Also trade mark, compound for water-proofing and leather-preserving, Rossiter & Smith, San Francisco.

Monsignor Capel.

This noted scholar and lecturer will lecture in Armory Hall, tomorrow evening, on "Home—The School of Great and Good Men." Monsignor Capel has been lecturing this week in Pasadena, and was heard at the Grand Opera-house, this city, last year. The very large audience which enjoyed his lecture then will be delighted to have the opportunity to hear him again.

MILLIONS OF MONEY.

Amounts of the Appropriations Made by Congress.

WASHINGTON, March 9.—[By the Associated Press.] Under the provision of the new law the statement of the footings of appropriation bills passed at the last session of Congress has been completed by the clerks of the Senate and House Committees on Appropriations today. It is as follows: Agriculture, $1,028,730; Army, $23,724,718; Diplomatic and Consular, $1,429,942; District of Columbia, $426,589; Indian, $5,226,897; Legislative, $20,701,221; Military Academy, $419,936; Navy, $25,753,165; Pensions, $76,225,500; Postoffice, $55,694,650; Sundry Civil, $22,382,490; Mexican pensions (deficiency), $6,900,000; Public printing (deficiency), $107,000; miscellaneous appropriations (estimated), $2,500,000; total of actual appropriations, $247,387,144.

ST. PATRICK.

Proposed Memorial Church at Rome for Ireland's Patron Saint.

NEW YORK, March 9.—[By the Associated Press.] The Catholics of New Jersey are manifesting deep interest in a movement which has been started for the purpose of collecting funds for a memorial church at Rome to the Irish patron, St. Patrick, and an effort will, in all probability, be made at the coming celebration of St. Patrick's day to organize a contribution fund in this State. It is proposed to collect at least $1,000,000 for the new church, which is to be one of the grandest in the Eternal City. Individual Irishmen have already sent money to the newspapers for the purpose of starting interest in a public fund, and private meetings have been held in Jersey City, Newark and Trenton, to discuss the subject.

Dots.

J. W. DAVIS, prescription druggist.

Tansil's Punch at P. O. Cigar Store.

DR. WILLIAMS' medicated inhalations are very popular in the treatment of head, throat and lung affections. Try them.

BUY your coal, wood, hay, feed and charcoal at Holmes and Scott's 157 S. Spring st., between Second and Third, west side. Telephone 145.

Commercial Night School.

Instruction will be given at most reasonable terms in bookkeeping and all grammar and high-school studies. Candidates prepared for college and teachers' examinations. Rooms, Schumacher block. L. B. Lawson, Fred. H. Clark, A.M., principals.

All parties concerned in planting shrubbery, roses, etc., are specially requested to visit Leigh Overman's Nursery Depot, corner Temple and Fort streets, where they will find not only the largest variety of roses in Southern California, but an endless variety of choicest shrubbery, clematis, etc., to select from.

Urmy Homestead Tract.

This property is on the line of the Pico-street electric road. Lots are selling rapidly and will double in value in a short time. Price $490 per lot, $25 monthly, no interest. One house free to every seven lots. H. N. Urmy, 114 W. First street, Nadeau block.

Mrs. Dr. Wells, Woman Specialist,

The first lady licentiate of Kentucky, many years of successful practice in prolapsus uteri, ulceration, leucorrhœa, ovarian diseases, irregularities—relief and radical change felt from the first treatment. No. 341 S. Spring st.

Every household should have a good filter to guard against disease. The Gate City stone filter does the best work, and is more durable and cheaper than any other filter made. Found at Parmelee's Bazar, 108-112 N. Main street.

Orange Trees.

Choice Washington Navel and other varieties, for sale be Phillips & Waite, 134 N. Main street, Los Angeles, Cal.

The Renton, 712 Sutter st., San Francisco. First-class private family hotel. Location healthful and convenient. Mrs. Truesdell.

Where is Alamitos Beach? For answer and maps write to G. W. Elwood, Long Beach, Cal.

Shirts made to order at Eagleson's & Co.'s, 50 North Spring street.

Robes and horse-blankets at Foy's saddlery.

Napa Soda is an invigorating tonic.

Real Estate.

Real Estate on Monthly Installments.

Also, a Choice Tract of 90 Acres for Subdivision, and an Excellent Dairy, Corn & Stock Farm. For Sale Strictly on Their Merits.

No brass band at your expense, no free lunch, or houses given away, no by-bidding at auction sales, no lottery schemes required in selling property that has REAL MERIT; for those who reason for themselves and compare notes as to values and advantages of property we may offer over adjacent real estate. We are here to stay, have a due regard for public opinion, and, in the end, find it more pleasant and profitable to recommend such properties as have never failed to realize profit to purchasers. Among our best bargains are:

FIRST—An additional subdivision of 20 acres (the first 20 having been closed out at lower figures) lots 50 feet front, wide streets, 1 mile east of our city limits. GRAND VIEW of mountains north, valley and ocean south, portion of city west; perfectly level; the only tract east of city limits having ITS OWN RESERVOIR. Besides, these lots have a new well, 80 feet of excellent water, large windmill and tank, for domestic purposes, free. Twenty thousand dollars is now being expended under contract on grading Second street alone, to be completed in 70 days. Fifty acres have been donated for a magnificent college. It is between the proposed cable and electric roads (partly completed) not far from street cars now running. PRICE $150 PER LOT. Terms, $30 down and $10 monthly installments; no interest. Valuable developments will be made within the next 30 days, after which prices will be advanced.

SECOND—A beautiful tract of choice land for subdivision of 90 acres. A grand view, nearly all level; no alkali or adobe land; near our city limits; has an oversupply of excellent water; in the line of march of valuable improvements, ONLY $400 PER ACRE. Terms to suit.

THIRD—One of the choicest dairy farms in this county, or unsurpassed for corn, alfalfa and stock; 144 acres, 12 miles from the city, on railroad, all fenced; good improvements, flowing wells, running stream; ½ in alfalfa. A great bargain; non-resident owner. Terms to suit.

WE HAVE ALL KINDS OF CITY AND COUNTRY PROPERTY FOR SALE.

HUMPHREYS & RIGGIN, No. 20 South Spring Street.

HYDE PARK!

Charming new town on the line of the L. A. & S. M. R. R., now building from this city to the "New Harbor at La Ballona," 3 1-2 miles from city limits; overlooks the city of Los Angeles; plenty of good water piped to the lots; each lot 60x190 feet, fronting on 60-foot avenues. These lots are selling rapidly at $100; $40 cash, balance $10 per month without interest. Also, 5 and 10 acre villa lots surrounding the town. Conveyances leave the office at 9 a.m. and 2 p.m. to show parties the beautiful property.

THE CRANDALL BOND BILL.

Full Text of a Measure of Interest to This City.

Following is the substitute for Senate Bill No. 342, which has received the signature of the Governor:

AN ACT

authorizing the incurring of indebtedness by cities, towns, or municipal corporations, incorporated under the laws of this State.

The People of the State of California, represented in Senate and Assembly, do enact as follows:

Section 1. Any city, town, or municipal corporation, incorporated under the laws of this State, may, as hereinafter provided, incur indebtedness to pay the cost of any permanent municipal improvement requiring an expenditure greater than the amount allowed for such improvements by annual tax levy.

Sec. 2. Whenever the legislative branch of any city [town or municipal corporation], shall, by ordinance passed by a vote of three-fourths of all its members, and approved by the executive of said city, town, or municipal corporation, determine therein that the public interest or necessity demands the acquisition, construction or completion of any permanent municipal building, work, sewer, property, water rights, [bridges], or improvement, the cost of which is too great to be paid for out of the ordinary annual income and revenue of the municipality, they may, after publication of such ordinance for at least two weeks, in some [news]paper published in such city, town, or municipal corporation [and at the next regular meeting after such publication, or at an adjourned meeting thereof], by ordinance [passed by a vote of three-fourths of all its members, and also approved by the said executive], call a special election, and submit to the qualified voters of said city, [town, or municipal corporation], the proposition of incurring a debt for the purpose set forth in the ordinance; and no question other than the incurring of indebtedness for said purpose shall be submitted. The ordinance of the city calling such special election shall recite the objects and purposes for which the indebtedness is proposed to be incurred, the estimated cost of such improvement, the necessity for such improvement, and that bonds of the city for municipal improvement shall issue for payment of the cost, as in said ordinance set forth, if the proposition be accepted by the qualified voters of the city as hereinafter provided; and shall fix the day on which such special election shall be held, the manner of holding such election, and of voting for or against incurring the indebtedness; provided, such election shall be held as provided by law for holding elections in such city, town, or municipal corporation.

Sec. 3. Relates to the publication of the ordinance. It shall require a vote of [two-thirds] of all voters voting at such special election to authorize the issuance of the bonds herein provided.

Sec. 4. All bonds of a municipality, for permanent improvements, issued under the provisions of this act, shall be of a character of bonds known as serials, and shall be payable in the manner following: One-twentieth part of the whole amount of indebtedness shall be payable each and every year, on a day to be fixed by the legislative branch of the city, together with the annual interest on all sums unpaid at such date; and the bonds shall be issued in such amount as the government of such city may determine, but not less than $100 each or more than $1000 each, payable on the day fixed in said bond, with interest not to exceed the sum of five per cent. per annum. Such bonds may be sold by the said legislative branch of such city, town, or municipal corporation, as they may determine, at not less than their face value in gold coin of the United States; and the proceeds of such sale shall be placed in the treasury of such city, town, or municipal corporation, to the credit of the "Municipal Improvement Fund," "No. ——," or other designation, and shall be applied exclusively to the purposes and objects mentioned in the ordinance providing for the issuance of such bonds, until said objects are accomplished; and the residue, if any, shall be transferred to the General Fund of said city, town, or municipal corporation.

Sec. 5. The legislative branch of such city shall, at the time of fixing the general tax-levy of said city, and in the manner for such general tax-levy provided, levy and collect annually each year for the term of twenty years, a tax sufficient to pay the annual interest on said bonds, and also one-twentieth part of the aggregate amount of such indebtedness so incurred. The taxes herein required to be levied and collected shall be in addition to all other taxes levied for city purposes, and shall be collected at the same time and in the same manner as other city taxes are collected.

Sec. 6. Within thirty days after the sale of such bonds the executive of said city, town, or municipal corporation shall appoint a commissioner of such improvement, who shall be confirmed by a vote of not less than three-fourths of the members of the legislative branch of said municipal government, and the commissioners shall have charge of the said improvement and the disbursement of the said funds for such purposes, subject to the conditions of the ordinances of the said city providing for such work or improvement, and such ordinances as may at any time be passed relating thereto; but the commissioner, when appointed, shall not be removed until the completion of the said improvement, unless by order of the executive, concurred in by a vote of three-fourths of said legislative branch.

Sec. 7. The compensation of the commissioner to be appointed under the provisions of this act, shall be fixed by ordinance not to exceed five dollars per day for each day of actual service; said commissioner shall execute an official bond, in the penal sum of ten thousand dollars ($10,000) for the faithful performance of his duties.

Sec. 8. All contracts for the construction or completion of any work, or of improvements, or furnishing of materials for work or improvements, as herein provided for, shall be let to the lowest responsible bidder, who shall furnish such bonds as the legislative branch of said city, town or municipal corporation may require.

Sec. 9. Whenever the legislative branch of such city, town or municipal corporation shall, by resolution, deem it necessary, the [illegible] of such city shall, within ten days after the passage of such resolution, give additional bonds, provided for the proper care and custody of any municipal improvement fund, as in this act provided.

Sec. 10. All general and special acts and parts of such acts in conflict with this act, or abridging the rights of cities, towns or municipal corporations herein, are hereby repealed.

Sec. 11. This act shall take effect and be in force from and after its passage.

WOMAN SUFFRAGE CLUB.

Opinions on the Washington Territory Decision.

The Woman Suffrage Club met in the parlor of the Hollenbeck block, Tuesday. After the secretary's report was read and approved, the opinion of Judge Dennison, one of the ablest lawers in Washington Territory, upon the late decision of Judges Langford and Turner, that women are not legal voters in that Territory, was given. After showing that if the act enfranchising women there is illegal, then all others made at that time are void also. He says, in substance, this: "If the decision against woman suffrage is correct, the Territory has had no legitimate legislation since 1883, and all laws made since that time are null and void. The incoming Legislature is not legally elected, and all cases tried before a jury, partially composed of women, are to be set aside. The Supreme Judges are themselves engaged in holding court at this time without authority of law. All suits for the collection of debts before juries partly composed of women are usurpations, and all criminals convicted under such conditions are punished unlawfully, and may collect damages. The local option bill is itself a nullity, and all sheriffs, probate judges, and other county officers since 1883 should step down and out. This decision has brought the people of Washington Territory into a labyrinth of perplexities, from which the calm, confident action of the friends of woman suffrage there will alone extricate them."

Dr. Atwater then read the speech of Susan B. Anthony, before the Judiciary Committee of the United States Senate, in favor of a sixteenth amendment to the United States Constitution, granting suffrage to women. It was lengthy, and full of clear, sharp points and illustrations.

The meeting then adjourned till the 22d inst.

INFORMATIONS FILED.

A Batch of Criminals for the Superior Court.

There was a fine grist of informations filed in the Superior Court, Tuesday, not obtainable that night on account of the discourtesy of a deputy sheriff.

Three informations were filed charging Louis E. Neely with obtaining money from N. A. Covarrubias, Dr. A. S. Shorb and Charles Smith, on forged orders.

Information was filed charging Frank Alviso with assault to rob Ah Lung, March 4. E. Corrales was charged with the same offense.

R. Osunega is charged with grand larceny—the stealing, September 14th, of a horse from J. F. Figueroa.

Information was filed charging Constantino Vedani with the murder of Alessandro Talice, January 8th.

James Murray was informed against for knowingly receiving stolen property—Rev. J. J. Lee's gold watch and chain, January 21st.

Richard Morton was informed against for the burglary of Charles Young's room, February 24th.

Juan Maron was charged with assaulting Jacinto Ochoa with a deadly weapon, January 17th.

Board of Supervisors.

WEDNESDAY, March 9.

Board met pursuant to adjournment.

The County Recorder was allowed five deputies for March at $100 per month, three at $75 and seven at $50.

The rest of the session was occupied in auditing demands.

Adjourned until March 10th, at 10 a.m.

Eagleson & Co., 50 North Spring street, branch of the great furnishing goods manufacturing house of San Francisco.

Seashells polished at Kan-Koo, 228 North Main street. Wholesale or retail.

MEDICAL INHALATION COMBINED WITH CONSTITUTIONAL REMEDIES.

Our treatment of the diseases of the respiratory passages consists in the employment of Medical Inhalation, for its direct effects on the diseased organs; and, at the same time, adopting such hygienic measures, and administering such medicines by the stomach as will most effectually purify the blood, give tone to the nervous system, and build up and strengthen the general constitution. In other words, we employ combined local and general treatment.

What is Medical Inhalation Before stating briefly what Medical Inhalation is, we propose, in as few words as possible, to state clearly what it is not.

Medical Inhalation is not a cure-all, a nostrum, or a panacea. It is not a Specific Remedy for any disease. It is not a quack medicine, advertised to cure any or all the ills that flesh is heir to, and intended to fill the pockets of its proprietors. It is not a talisman, whose possession insures health to its possessor without the intervention of either sense or judgment. Medical Inhalation is none of these things.

Medical Inhalation is simply and solely a method of taking medicines by inhaling or breathing them into the lungs, instead of swallowing them into the stomach. By Inhalation, the proper medicines are applied directly to the seat of the disease, in the nose, throat or lungs; and it is clear to every reasoning person how peculiarly applicable Inhalation is in the disorders of the organs named. If you have scalded or burned the surface of the body, or wounded any limb or member, you do not swallow the remedy intended to heal the disorganized tissue. On the contrary, you apply it directly to the seat of the wound or injury. Why, then, when suffering from catarrh of the nasal passages or throat, or afflicted with ulceration of the lungs, should you rely on medicines taken into the stomach?

Medical Inhalation not only applies the proper healing remedies to the seat of the disease, but it applies the remedy in the gaseous or vaporous form, in which form, as is well known, medicines act most powerfully. How much greater, for example, is the effect of a drachm of chloroform, when inhaled or breathed, than many times the quantity when swallowed into the stomach. The same is true of chlorine, of iodine, and of many other substances. By inhalation the medicine is not poured into the stomach, and thence sent wandering through the system in search of a malady, which may be mainly or entirely a local one; but by this method the proper remedy is applied directly to the diseased organ. Who, after studying the anatomy of the lungs, can doubt that in inflammation and ulceration of the air-tubes and air-cells, the direct application of the healing medicine by inhalation to the diseased parts, is the correct and rational method of treatment? Who, on the other hand, can be so irrational as to believe that the proper and direct way to reach the diseased surfaces of the air-passages, in this case, is by the way of the stomach? Physiology teaches us that the membrane, or skin, lining the air-passages of the nose, throat and lungs, is only a slightly modified form of the same structure as that which covers the external surface of the body. Why, then, should local treatment be proper and necessary for inflammations, congestions and ulcerations of the one and not be equally so in the case of the other?

Our experience and success in treating diseases of the nose, throat and lungs, demonstrates, beyond all question, that the true scientific treatment of these diseases is that treatment which combines the local effects of medical inhalation with the constitutional effects of systemic remedies, given in the usual way by the stomach. One or both methods must be adopted as the circumstances demand, and such remedies must be employed as the experience and judgment of the physician have proved to be proper in each particular case.

MEDICAL ADVOCATES OF INHALATION.

Physicians who were educated twenty years ago or more, and who have not kept up with the times in the advance in medical science, have very little idea of the great importance all leading medical writers now give to Medical Inhalation in the treatment of pulmonary diseases. To such an extent is this true that no patient should intrust his case to any physician who is not well prepared and thoroughly equipped with everything necessary for the administering of the proper remedies by the method of Inhalation.

The numerous cures effected by Inhalation in cases seemingly past all help, and the uniform success attending its use in diseases of the respiratory organs, renders it obligatory on every honest physician to at once apply himself to gain a practical knowledge of the Inhalation, or, if that is not possible, he is at least bound to decline to treat such cases.

Among the most eminent physicians of the age who are fully awakened to the value of Medical Inhalation in these diseases are the following: The celebrated Dr. Burdon-Sanderson; Dr. La Roche, of the Paris Academy of Medicine; Dr. Frederick Langhaus, of Berlin; Drs. Klebs and Tommasi-Crudeli; Sir Archibald Dickson, of Edinburgh, Scotland; Dr. Eichler, Dr. Cameron, Dr. Gurdon Buck, Prof. Albert Lehert, the celebrated Dr. Hughlings Jackson, the venerable Dr. Robert Dickinson, Prof. Thierfelder, Spencer Wells, Dr. Hilton Flagge, Dr. G. P. Wood, Drs. Fritsch and Hitzig, Dr. Fothergill, Dr. Richard Thompson, Dr. R. S. Carpenter, Drs. Anstie, Ball, Fuller, Lancereaux, Krauss, Huguenie, Heller, Orth, Corrigan, Fenwick and many others. With scarcely a single exception every medical authority of eminence recognizes the wonderful potency of this new method, and the coming generation of physicians are certain to be thoroughly educated therein. At present it is only a few physicians here and there who have made "Diseases of Respiration" a life study that are fitted in any way to employ the wonderful resources of Medical Inhalation in the cure of these diseases.

THE CURABILITY OF CONSUMPTION.

For five years the celebrated Dr. I. H. Bennet was pathologist to the Royal Infirmary of Edinburgh, and in his great work on "Consumption" he makes the following statement: "During this period I made upwards of 2000 post-mortem examinations of persons dying from various diseases, and I was constantly meeting with cases in which I found cavities in the lungs from consumption, which had evidently healed up or cicatrized years before the death of the subject. Nature did not seem to have been successful in restoring the wasted lung-substance, but the cavities were dried up, the progress of the disease arrested, and the subject lived for years, with diminished lung power it is true, but otherwise in good health."

REQUIRE NO IRRIGATION.

Title, U. S. Patent, and to be free and clear of all incumbrances.

TERMS OF SALE—Lots in Templeton, cash, U. S. gold coin. All other tracts one-third cash, balance in four equal payments, at 2, 3, 4 and 5 years; interest 6 per cent. per annum. The mortgage tax paid by the mortgagee, make the interest about 4 per cent. net to the purchaser. An additional charge will be made of $5, for deed in sale of town lots, and $25 in other cases, for expenses of sale, including making and recording all papers. Schedule price of ranch subdivisions average $20 an acre: of 5 to 12 acre lots, $50 an acre.

SALE WITHOUT RESERVE, providing that no bid will be entertained at less than 60 per cent. of schedule price. Ten per cent. of cash payments (but in no case less than $100) required at fall of hammer; 30 days to complete sale. Parties failing for 30 days, forfeit sum paid.

Parties going from Los Angeles take P. C. S. S. Co.'s steamers from San Pedro to San Luis Obispo; from San Francisco, take 8:30 a.m. daily train, S. P. R. R., to Templeton. Parties wishing to inspect said lands with a view to purchasing at the auction, or any of the company's lands at private sale, will be shown the property free of charge by applying at the company's office in Templeton. Maps of all the ranch subdivisions, of Templeton, of the 5 to 12 acre suburban lots, and a general map showing the location of the company's lands, with a new descriptive catalogue, are in press and will be sent free on application after the 25th inst. (February, 1887). Address

C. H. PHILLIPS, Manager, San Luis Obispo, Cal.

California Remedies of Sarsfield Remedies Co.

Sarsfield's Remedy for the Blood and Constipation.

Sarsfield's Remedy for Diphtheria and Pneumonia.

Sarsfield's Chronic Ulcer Salve.

These remedies are well-known in Central and Northern California, and are now introduced in the southern counties. The MAKING OF CERTIFICATES has related so largely to fraud that the public has naturally grown suspicious of them. But those here referred to are by such prominent citizens, of such irreproachable character, and the cures are so well-known, and the witnesses are so easy to reach, that we make the references without any hesitation:

MRS. H. C. GOODRIDGE, 23 Hawthorne street, San Francisco, 9 years a sufferer from chronic ulcers, and her case abandoned by physicians, permanently cured. Certified to by Mrs. Sarah B. Cooper, the well-known philanthropist and president of the Kindergarten Association, San Francisco.

MRS. M. R. ADAMS, formerly of Sacramento, completely cured at the residence of her brother, Benjamin Welch, master car-builder of the Southern Pacific Company, Sacramento, of running sore on the arm of 8 years' standing, and that had nearly sapped her life.

W. S. DOAN, noted inventor of the steam wagon, Sacramento, 23 years of fever sores, cured in 40 days. Certified to by William Guttenberger, ex-City Trustee, Sacramento; Alex. Neilson, John Driscoll and H. G. F. Root, proprietor of the Union Foundry, and others.

JAMES MCCORMICK, vice-president Bank of Redding, Shasta county, 4 years' suffering from worst character of rectal ulcer, permanently cured in 3½ months.

W. A. DEAN, brother-in-law of M. H. de Young, of the San Francisco Chronicle, cured of aggravated piles and fistula in five weeks.

REV. J. T. HUFF, Turner Station, Or. (refers to Rev. Dr. Frost, Sacramento), cured of BLOOD POISONING of many years by use of the BLOOD REMEDY and SALVE. His letter is a remarkably warm indorsement.

We are also permitted to refer to Hon. Ira G Hoitt, Superintendent of Public Instruction, Sacramento; L. A. Upson, Sacramento; A. D. Carvill, of Carvill Manufacturing Company, San Francisco; Judge George E. Williams, Placerville; Mr. and Mrs. Charles Lux (Lux & Miller), San Francisco; C. B. Corwin, 925 Market street, San Francisco, and a host of others as well known.

These cures have been made by the use of the BLOOD REMEDY and ULCER SALVE, which are HOUSEHOLD REMEDIES, etc., effective in impurities of the BLOOD and diseases of the LIVER and KIDNEYS, CHRONIC CONSTIPATION, PILES, FISTULAS, etc.

Manufactured and For Sale by the

SARSFIELD REMEDIES COMPANY,

115 EDDY STREET, SAN FRANCISCO, and by all reputable druggists. Price, $1 per bottle for the Blood Remedy and $1 and 50c. per box for the Salve, according to size.

Citrus Fair at Colton!

—ON MARCH 11 & 12, 1887.—

Everyone is invited to attend this exhibition of the beautiful citrus products of Colton and vicinity.

Excursion Rates: Round-trip, Los Angeles to Colton, $2.50.

Leave Los Angeles, 8:30 a.m., March 11; leave Colton on return, 10 p.m. Tickets good returning for three days on all Southern Pacific trains.

Our fruits are unsurpassed. Our orchards are marvels of beauty and cleanliness.

Do Not Read! O. I. C.

HERE IS A CHANCE TO INVEST MY MONEY SO AS TO MAKE A GOOD profit, safe and sure. Look at the following bargains offered. Reflect and investigate. "Ho! there; whither bound?" "To the Chicago and California Land Co., 30 S. Spring st."

48 lots on monthly installments, $30 cash, $10 monthly, without interest; all very choice, only $150 each; will double in value inside one year. Also 5 and 10 acre tracts, suitable for subdivision. Also quite a selection of fine houses, with yards full of fruits, shrubbery, etc. A few very desirable ranches, well improved, with bearing fruits of all kinds, near the city. Also a large variety of very desirable lots in all parts of the city. We can show you as desirable a property as any person in the city, "and as cheap."

N. B. Please save this for future reference.

TOURISTS—We can sell and resell for you property so as to make your expenses while here. Consult your best interest, and call on us.

A LARGE lake of pitch has just been discovered in Venezuela.

IT is easy enough to get "points" anywhere about town these days. The doctor shops are full of 'em.

ANOTHER official smallpox bulletin is published today, and furnishes cheerful reading, comparatively speaking.

"ANXIOUS INQUIRER": No; there are not "799 cases of smallpox in town." You must fall a snake or two.

A $70,000 TRANSACTION in real estate on Boyle Heights, yesterday, shows that some things "is workin'" besides the popular left arm.

SANTA BARBARA, too, has something of a building boom on, and has sent to San Buenaventura for bricks, but the latter town had none to spare.

THE WEEKLY MIRROR will be printed tomorrow. It is the largest, handsomest, cleanest and best weekly published in the State, and goes abroad extensively.

GEN. BEN BUTLER has just invested $100,000 in Chicago real estate. If the strabismic statesman could manage to twist his optics a little more, and fix one of them on Los Angeles, he would give Chicago the "shake."

THE real estate transfers yesterday amounted to over $245,000, and the prospect now is that it will be another million-dollar week. There are still some people with levelheads and cool nerves left among us.

THE people along the coast to the northward and westward are watching railroad progress with keen interest. The Ventura Free Press says: "There are many rumors concerning the sale of the narrow-gauge railway to the Atchison folks, but nothing definite can be learned concerning it. One thing seems to be true, however, that a survey is pushing forward toward the Gaviota Pass, and there will probably be a struggle as to which roads get it first. That we shall soon have two roads into this county seems probable." This refers to the San Luis Obispo and Santa Maria Valley Narrow-gauge Railway, which is already built some distance into Santa Barbara county.

THE value of water in this southern country was strikingly shown by a transfer published in these columns yesterday. It was in these terms:

J. S. Vosburg and J. O. Vosburg to Vosburg Water Company: One-sixth interest in waters in Davis Cañon pipe and pipe line and half interest in reservoir, $80,000.

It is stated that the amount of water sold for this large sum was less than five inches. And yet we doubt not it was a "good buy" for the purchaser. There is practically no limit to the value of a reliable stream of water flowing out of a mountain cañon, with fertile but arid lands lying below it, and susceptible of irrigation. Every owner of a good stream or other water source has a fortune for himself and the means of doing great good to others.

The Wright Irrigation Bill.

While the irrigation bill which will be known in legislative history as the "Wright law" was under consideration, the San Francisco Chronicle said of it:

We have heretofore expressed some doubts about the propriety of adopting the irrigation bill offered by Mr. Wright, not because the principle of the bill was wrong, but because we doubted whether it would be effective. We have contended that the great thing to be kept in view all the time is to preserve the waters of the State for those who will make actual use of them, and that neither the riparianist, who seeks to claim all the water for himself, nor the appropriator, who attempts to forestall everybody else by posting an appropriation notice claiming the entire flow of the stream, is entitled to any protection or consideration at the hands of the State.

But we are now led to believe that the Wright bill must be a valuable and meritorious measure. We are induced to this belief by the fact that we find Haggin and Carr on the one side, and Lux and Miller on the other side, petitioning the Governor not to sign the Wright bill, and filing an argument against it.

This alone should determine the propriety of the bill, and should convince the Governor of the necessity for its adoption. If no other argument had been used, we suspect that a bare statement in either house that Haggin and Carr and Lux and Miller had united their forces against the bill would have been sufficient to have had it declared a case of urgency, and to have passed it without a negative vote.

The people who live in the districts where irrigation is a necessity cannot see that there is any choice whether they buy water from the man who claims it as a riparian proprietor or the man who claims it as a prior appropriator. In either event the holder of the water may sell it at his own price, and the luckless farmer must pay that price or see the labor of his hands come to naught. The riparianist and the appropriator are the upper and nether millstones, and between them the man who actually needs the water is ground exceeding small.

Whatever may be the defects of the Wright bill, it will have the effect of shutting off all schemes for the wholesale seizure of the running water of the State under any claim of law whatever. If it will accomplish this, as it will do, it will preserve the water for the use of those who need it, and the next Legislature, having had two years' experience under the system of this bill, can remove any crudities that may be found in it, and make it harmonious and effective.

The Governor will commit a grave error if he allows his judgment to be influenced by this combined attack of rich and powerful riparianists and appropriators, whose only concern for the actual consumers of water is as to how much the combination can wring from their pockets and how heavy a tax their actual necessities will bear. The Wright bill is all that stands between the rich water monopolist and the poor farmer, and if Governor Bartlett shall break down that barrier he will virtually offer a premium for the destruction of the agricultural interests of a great and growing portion of the State.

The bill has become a law by the signature of the Governor, which was appended to it on Monday. It is of great consequence to the State, and its workings will be watched with keen interest in the irrigation districts.

A PRIVATE letter received in this office from a distinguished gentleman and Republican of San Francisco says: "I hear more and more of your city every day, and in the meantime it seems to me that ours is getting duller and more stagnant every day. I do not know but you are going to turn the tables on us and carry away the metropolitan honors from our place. Certainly your end of the State has the call now. Pretty nearly everybody I meet talks about going down there to settle and go into business. If old Californians feel that way, how must new-comers feel? . . . I am watching Gen. Vandever's contest with Lynch, and am of the opinion that the General will get the best of it. . . . Gen. Vandever's fight was as clean as it could be. For the General had no money, and besides is as honest as the days are long. I have no fear but that he will stay in his seat."

THE Courier-Journal touches the vital part when it announces that "not a Southern soldier receives a dollar of the pension money voted." The statement is, to use the slang of the period, "a dead giveaway" on the Confederate Democrats, who supported the President's veto with great unanimity. Had the Confederate soldiers been included in the bill, doubtless the attitude of Mr. Cleveland's supporters would have been altered—unless the President's action had been reversed.

PETROLEUM - OIL developments in Ventura county are destined to take on more and more importance as the county is opened up by railroads. A pipe-line is now being built from Tar Creek, in the Sespe district, to the railroad, a distance of about ten miles. This will simplify and cheapen the work of marketing the crude product. It would be "no trick" to build from the wells to the sea at San Buenaventura.

A TEXAS prohibitionist was ruled out of order by the Speaker of the House because he proposed to compel saloon-keepers to place conspicuously above their bars Bible maxims, such as "No drunkard can enter the kingdom of heaven," "Look not upon the wine—at last it biteth like a serpent and stingeth like an adder."

IN a report of the Board of Trade meeting, the other evening, the Los Angeles Tribune told what President "Starr," Mr. "Redohik," president of the Southern California Bank, Mr. "Lamburn," and Mr. "Eugene Gumair" said and did. The Tribune is a great "gernal," and thoroughly inaccurate in every respect.

THE Government building in Chicago is slowly sinking, and promises to disappear in the course of a couple of centuries. The Inter Ocean claims that Chicago will have so far outgrown it as not to regret it at that distant date.

ACCORDING to reports, everybody got out of bed during the recent earthquakes at Cannes except the Prince of Wales. He only rolled over and took a snooze between shakes.

AMUSEMENTS.

GRAND OPERA-HOUSE.—The concert by Mme. Trebelli and Ovide Musin last night was but slimly attended, owing, no doubt, to the fact that it was given in the midst of a continuous run of other attractions, more or less potent, and partly owing, perhaps, to the fact that the "popular prices" advertised by the management meant $1.50.

The audience, though small, was enthusiastic, and it had every reason to be so, for there is no contralto today who can compare with Trebelli, save Scalchi; and, great as the latter is, her upper register does not compare, in the opinion of connoisseurs, with that of Trebelli. The famous singer was in fine voice, and was obliging enough to respond to the demands of the audience by introducing several numbers not on the programme.

Musin, on the violin, justified all the praise which has been lavished upon him. He is one of the very few great players able to make the soul of music audible to mortal ears.

A number of amateurs were conspicuous by their absence at this concert, and should repair the fault if another opportunity is given to listen to these artists. The accompaniments and piano selections were played by Paul Steindorff.

SHORT, IF SWEET.

A Husband's Remarkable Alleged Discoveries.

One of the shortest honeymoons on record is that of Henry D. Walker. Henry yesterday filed in the County Clerk's office a complaint which contains some remarkable statements. He says that Della M. Walker is his wife; that he was married to her on the 24th of February, 1887; that on the 8th of March (day before yesterday) she committed adultery with one William Brady at room 10, Stevenson House, corner First and Los Angeles streets; that on the 4th of March she also committed the same sin with the same person; and that between the date of her marriage and March 4th she was guilty with Brady and other men, at times and places unknown to plaintiff. He wants a divorce immediately. His attorneys are Shaw & Damron.

The Libel Case.

The charge of criminal libel preferred by Horace Bell against Col. Wells, B. A. Stevens and Deputy Assessor Thornton came up before Justice Taney yesterday morning. The defendants appeared, and Assistant District Attorney Denis was on hand for the People, but Bell was not on hand at the time. After argument the further hearing of the case was set for 10 o'clock next Wednesday morning.

The S. B. & L. A. R. R.

The graders on the S. B. & L. A. R. R. have reached the dry wash one mile west of Mud Springs, and five miles west of Pomona. This leaves only about five miles to grade to a junction with the L. A. & S. G. V., and all easy ground.

JOINED THE COLONY.

Boston Capitalists Fleeced by an Ingenious Swindler.

BOSTON, March 9.—[By the Associated Press.] William C. Hickman, originally of Philadelphia, but lately of Boston, has joined the American colony in Canada, he having, it is alleged, swindled a number of Boston capitalists out of between $30,000 and $40,000. Hickman claimed to have a formula for manufacturing an article he called sugarine out of common starch. Sugarine was to take the place of ordinary sugar, to which it was equal in all respects, according to Hickman's story. Sugarine could be made for 1½ cents per pound, and sold readily at 5½. Several capitalists became interested and furnished considerable sums of money, which, it is said, Hickman perverted to his own use. When he found he could no longer blindfold his dupes, he left the city for Montreal, where he now is. Hickman is said to be very well connected in Philadelphia.

Southern California's Claim.

SAN FRANCISCO, March 9.—The Call this morning prints the following editorial: Leading papers in Southern California are reminding Gov. Bartlett that the southern portion of the State is not at present represented on the Supreme Bench. The San Bernardino Courier says that, while our present justices are able and accomplished, they know but little of the local peculiarities of the southern counties. These counties are entitled, therefore, to have a representative in the court of last resort who can do them justice. The justice of the claim will not be disputed. The southern counties should have the preference in the appointment, if they present a man capable as a jurist."

Inefficient Mail Service.

SAN FRANCISCO, March 9.—A communication from H. Brooks, assistant postmaster at Albion, Mendocino county, Cal., embodying a complaint against the mail service in that section, has been received here. The writer states that John Allman, who carried the mails between Cloverdale and Mendocino, on the 1st inst. refused to perform his duties unless the postoffice increased his pay. For one week all the postoffices upon his route and the connecting offices have had neither letter nor paper mail.

Murdered Many Years Ago.

SACRAMENTO, March 9.—Over seventeen years ago 350 acres of land near Florin, this county, were purchased by H. B. Chatfield. Shortly afterward the purchaser mysteriously disappeared. His disappearance remained a mystery until yesterday, when, in an old well on the place, a human collar-bone and two arm bones were found. The belief prevails that Chatfield was murdered and his body thrown into the well.

An Oregon Fire-bug Convicted.

PORTLAND (Ore.), March 9.—The jury in the case of Ellis Roberts, on trial for arson, brought in a verdict of guilty today. He was, upon the confession of accomplices, proved to be a member of the "Internationals" and to have burned W. S. Ladd's barn out of pure malice. Robert Byrnys, another of the gang, pleaded guilty some time since. Both will be sentenced this week.

Broke Jail at Merced.

MERCED, March 9.—Charles Aros, who was brought to Merced as a witness in the Follier arson case from San Quentin a few weeks ago, broke jail here last night by breaking through the ceiling and crawling out of the heater leading from the jail to the District Attorney's office. His escape was not discovered until about noon today. Officers are now in search of him.

A Vessel Sunk.

PORTLAND (Ore.), March 9.—At noon today the rudder of the steam-launch New York, plying between this city and Albina, caught on the cable of a ferry-boat. She was pitched forward and filled slowly. Her passengers, numbering twelve, were rescued. James Taylor jumped overboard, and in so doing received probably fatal injuries.

The Wheat Deal.

CHICAGO, March 9.—Speculation in wheat continues on an enormous scale. May wheat opened at 85 cents this morning, sold off to 84½, rose to 86, broke to 84⅞, and is now held at 85⅜. May corn rose from 40 to 41⅛ cents.

A BIG DEAL.

The Baltimore and Ohio Road Purchased

By a Syndicate of Prominent Bankers and Railroad Men.

A German Ship Goes Ashore on the Maryland Coast.

Brooklyn in Mourning for Beecher—Preparations for the Last Rites Over the Dead Clergyman—A Tragedy in Kentucky—The Western Union's Finances.

By Telegraph to The Times.

NEW YORK, March 9.—[By the Associated Press.] The Times contains a statement that the control of the Baltimore and Ohio road has changed hands, which appears to be authentic, and has made a sensation here. The city as a corporation is largely interested in the Baltimore and Ohio, and there are private interests which are opposed to the control of the road going out of Baltimore hands. The Baltimore and Ohio road has been looked upon as a Baltimore enterprise, and while Garrett has preserved reticence as to everything that has been rumored there are many who fear that there is truth in the statement published. There is a conviction here that if the road shall pass into other hands the express and telegraph system will go with it.

DETAILS OF THE DEAL.

Alfred Sully was applied to by a reporter of the Evening Post, today, for some statement in regard to the circumstantial reports that a syndicate represented by him has virtually concluded negotiations with Garrett, of the Baltimore and Ohio, for the purchase of a controlling interest in that road and its dependencies. Sully said that he preferred to say nothing until he could state something definite, and that he was not yet in a position to do so. When the reporter remarked that he supposed the fact of the purchase was not denied, Sully admitted that it was pretty well understood, but said that he was not prepared to announce the names of the parties concerned or the terms of the agreement.

It was reported on the street today that the price paid by the syndicate for Baltimore and Ohio stock was $225, but a well-informed and prominent banker said he had reason to believe it was not over $200. The railroads represented in the purchasing combination, or in harmony with them, would have control of the anthracite coal territory in the country.

A prevailing belief is that a settlement of the telegraph war will be one of the results of the Jersey Central, Reading, Baltimore and Ohio Richmond terminal combination. It is acknowledged that the Baltimore and Ohio would like to part with its telegraph property, which at present is in a state of war.

The executive committee of the Richmond Terminal Company met today to consider the matter of absorbing the Baltimore and Ohio and other systems. Action was deferred until tomorrow.

GARRETT REFUSES TO TALK.

BALTIMORE, March 9.—Robert Garrett, president of the Baltimore and Ohio Railway, was seen today, but had nothing to say in regard to the reported arrangement for the transfer of the control of that road to a syndicate representing the Richmond Terminal and other companies.

NOT IN THE DEAL.

PHILADELPHIA, March 9.—The Ledger, in its financial article tomorrow, referring to the alleged Baltimore and Ohio "deal," will say: "In the various reports that have got in circulation in the newspapers and on the news tape there have been united in the alleged syndicate who are supposed to be buying the Baltimore and Ohio Railroad a great many large railway companies and bankers. We have made inquiry on the subject, and are able to report as a result that the Pennsylvania Railroad and Lehigh Valley Railroad have no connection with the deal; that the controlling powers in the Reading Railroad management have nothing to do with it, and that the company cannot be used by this syndicate in any such connection; that the friends of Austin Corbin deny that he had anything to do with the movement, and that Drexel, Morgan & Co. of New York, and Drexel & Co. of Philadelphia have nothing to do with it."

The Record will say: "An important meeting of Adams' Express officers and others was held in this city yesterday, and it was learned that the following interests were represented: Western Union Telegraph Company, Adams' Express Company and Pullman Palace Car Company. The corporations are stated to be interested in the deal, as they take the express, telegraphic and palace car privileges of the Baltimore and Ohio system, thus removing the most formidable opposition that these different interests now have, by doing which they will ultimately get back all that they will invest in the deal.

LEGAL OBSTACLES SURMOUNTED.

NEW YORK, March 9.—An evening paper commenting on the Baltimore and Ohio deal, says: "By will of the elder Garrett, the president of the Baltimore and Ohio, was restrained from the liquidation of his railway stock within twenty years, and that period is still distant. Just how the lawyers got around the difficulty is not well known, but it is supposed that Garrett placed in escrow his own holdings, amounting to about a third of the stock of the road. For the other shares he had to persuade the trustees of the John S. Hopkins estate, and representatives of the State of Maryland and city of Baltimore to part with their large holdings at $250, the rate agreed upon. He succeeded in the negotiation, and it is said that the purchase price of the stock will be paid in $10,000,000 five per cent. long-time bonds, the rest in cash.

The following is also published: "As the matter now stands, Garrett has given a written agreement of what he will do in the premises, and this includes a call on the minority of the stock at a figure said to be between $200 and $220. Sully and Garrett have signed the preliminary contract, and the finances of the Baltimore and Ohio Company are now being examined."

THE PURCHASERS.

The syndicate comprises Calvin S. Brice and Gen. Samuel Thomas, of the East Tennessee; George Smith, formerly president of the Richmond and Danville; George F. Baker and H. C. Fahnestock, president and vice-president of the First National Bank, and their associate in the Southern railway enterprises, in addition to Mr. Sully and Austin Corbin.

WHAT NORVIN GREEN SAYS.

Dr. Norvin Green, president of the Western Union Telegraph Company, remarked yesterday: "I know nothing whatever about the reported sale of the Baltimore and Ohio Railroad, but to say that the differences between the telegraph companies will be adjusted is merely the proposition that history repeats itself. The question of terms alone has prevented a settlement. For a long time we have been willing to take in the opposition companies on a basis of their actual value as material for our business, but the other companies have been basing their claims on the amount of damage they could inflict upon us. We are not buying opposition lines on that principle. Of course we know there is no chance of buying the Baltimore and Ohio telegraph system at sheriff's sale, but, on the other hand, we do not care to acquire it at the valuation put on it as one of the assets of the railroad company. I have no hesitation in saying that overtures for a settlement of telegraph matters have been made to us recently, but they have been refused on account of the wide differences of opinion in regard to the value of the properties offered to us. I understand that the cost of its telegraph system stands at about $6,000,000 on the books of the Baltimore and Ohio Railway, but I'm sure that we do not want it at half that value."

BUSY JAY GOULD.

When Jay Gould was asked by a Tribune reporter if he had any interest in the proposed purchase of the Baltimore and Ohio Railroad he replied: "I am not engaged in new enterprises of any kind. I am in a snug condition. I do not owe anything, and my time is all well filled in looking after the interests I have now."

STRANDED.

A German Ship Goes Ashore—Her Passengers Rescued.

NORFOLK, (Va.), March 9.—[By the Associated Press.] The steamer Goldsboro', which arrived here, this evening, from Philadelphia, reports passing, at 9:30 o'clock this morning, the North German Lloyd ship Rhein, from Bremen for Baltimore, ashore off Hog Island. She was lying from three to four miles from the shore, hard aground, her bow on the bar, with her starboard anchor out. Boats were passing between the Rhein and the Old Dominion steamer Richmond, which was rendering the necessary assistance to the stranded vessel. The wind was light, but freshening, and the weather was getting thick.

The Old Dominion steamer Wyanoak, from New York for Norfolk, had not passed in at the capes at 3:30 this afternoon, and it is supposed that she stopped to assist the Richmond in rendering aid to the stranded steamer, which has a large passenger list.

THE DEAD CLERGYMAN.

Brooklyn in Mourning—Preparations for Beecher's Funeral.

NEW YORK, March 9.—[By the Associated Press.] Brooklyn's buildings today are draped in mourning. The municipal buildings, courthouse, public buildings and stores are being heavily draped in black. Many private residences are also draped. Nearly every prominent organization in the city of Brooklyn has met and passed resolutions expressive of grief in the loss of the celebrated divine. The public schools will probably be closed on the day of Beecher's funeral, and many merchants intend to close their stores.

The body was embalmed today. The face was not pinched, but it had flattened out much. Mrs. Beecher was taken out by a friend for relief by a drive this afternoon, but soon returned, thoroughly exhausted. Fears are entertained that she will not long survive her husband.

Arrangements for the funeral are not yet completed, but it has been decided that it should be a public one, but the services at the house will be of a strictly private nature, in compliance with the wish of the family. The services will be conducted at the house by Dr. C. H. Hall, of the Church of the Holy Trinity, an old friend of the famous preacher. None but the family will be admitted to these services, which will be of the simplest nature. The body will be escorted to Plymouth Church at the close of the family funeral services by the Thirteenth Regiment, of Brooklyn, of which Beecher was chaplain. The regiment will then pass the body, which will be laid in front of the platform. The regiment will then be dismissed, and will leave Co. G, which is known as the Plymouth Company, and is composed chiefly of members from Beecher's congregation, to remain on guard while the body is in state in the church. The church will remain open all day Thursday and Friday, and members of the congregation will have the privilege of passing before the body. On Friday the church will be thrown open to the public. This course has been rendered necessary in consequence of the extent of the circle of friends and admirers of the deceased.

SETTLING A FEUD.

A Kentucky Youth Shoots Four Members of a Family.

CINCINNATI, March 9.—[By the Associated Press.] A special from Louisa, Ky., says: "News has been received from a lonely farming community on Cat's Fork, in Laurence county, of a terrible tragedy. Samuel Smith, aged 16, who had some difficulty with a neighbor—Stephen Hammond—yesterday, armed himself with a revolver and went over to Hammond's, following him into the house. Hammond then reached for his rifle, but Smith fired and killed him. Hammond's wife and children, a boy and girl, attacked the murderer, but he soon fatally wounded Mrs. Hammond, and, as the children attempted to escape, he filled them with bullets. Thinking he had killed the entire family, he fled to the mountains and has not yet been caught. Mrs. Hammond will die, and the children may not recover. It was an hour after the shooting before the neighbors came, attracted by the cries of the boy.

WESTERN UNION.

President Green's Quarterly Report—The Dividend Passed.

NEW YORK, March 9.—[By the Associated Press.] At the meeting of the directors of the Western Union Telegraph Company today, President Norvin Green submitted the regular quarterly report. It is as follows: The net revenues of the quarter ending March 31st inst., based upon nearly compiled returns for January, partial returns for February, and estimated business for March, will be about $750,000; add surplus January 1st, $6,171,810, giving a total of $6,921,810; from which, appropriating for interest on bonds $128,470, and sinking funds $20,000, leaves a balance of $6,778,340. There has been a large increase over the corresponding quarter of the previous year in the volume of business, and a handsome increase in the gross receipts from the land line service, which was counterbalanced by loss of revenues from the cable service and by increased expenses, indicating a greater number of messages handled and an extensive reconstruction. The outlay for extensions of wires and for insulated wire, with a view to getting the wires off the poles in New York and Brooklyn, has been very large and must continue for a time to absorb a large amount of the net earnings. The committee recommend that no dividend be declared.

A resolution was passed that with the consent of the stockholders the stock of the company should be increased by $1,200,000 to take up script of that amount issued last April.

San Diego's Census.

SAN DIEGO, March 9.—The City Clerk commenced taking the census this morning to ascertain if the city has population enough to enter the fourth class. Twenty men were at work. The returns will be in on Monday.

Want the School.

GRIDLEY, March 9.—At a mass meeting last evening the citizens agreed to offer twenty acres of land and 1,000,000 brick for the location of a branch of the State Normal School here.

SACRAMENTO.

Assemblyman Lablanc Arrested at the Capital

On Charge of Swindling a Lawyer Out of His Fees.

The Assembly Will Not Adjourn Till the Last Minute.

The Senate Sustains Gov. Bartlett's Jute Veto—Clunie's Eight-hour Measure and Brierly's Irrigation Commission Bill Passed by the Assembly—Notes.

By Telegraph to The Times.

SACRAMENTO, March 9.—[By the Associated Press.] Assemblyman Lablanc, of San Francisco, was arrested today on a charge of embezzlement, preferred by Attorney F. B. Bull. Lablanc, whose seat was contested, had the expenses of the contest allowed by the Legislature, and in the bill was a promise to pay a certain sum to Bull as attorney's fees. Lablanc received the money, but failed to pay the amount due to the attorney, who has caused his arrest for obtaining money under false pretenses. The case has been set for Friday morning at 10 o'clock.

PROLONGING THE AGONY.

The final adjournment of the Legislature is not looked for until the end of this week now. This is due to the industry of the Assembly. That body today postponed consideration of the Senate concurrent resolution relative to adjournment sine die, and several other resolutions on the same subject, until tomorrow afternoon at 5 o'clock.

LEGISLATIVE PROCEEDINGS.

Senate.

SACRAMENTO, March 9.—[By the Associated Press.] In the Senate, the Assembly bill relating to fish and game, was, on motion of Mr. Walrath, declared a case of urgency, and finally passed. It amends the existing law so that the close season for quail ends September 10th instead of October 1st, and the opening season for deer is extended to the 15th of December.

The Senate passed the Assembly bill relating to the dissolution and modification of injunctions. The bill provides that when an irrigator is enjoined from the use of water he can, by giving an indemnity bond, use the water until the case is finally settled on appeal.

Mr. Gesford moved to take up out of the order the Pilot Bill, but Mr. Murphy objected.

Mr. Sullivan moved a substitute, and Mr. Caminetti raised a point of order.

The motion to take up the bill was lost by a vote of 14 yeas to 21 nays.

The Senate sustained the Governor's veto of the bill providing for the revolving fund for the purchase of jute.

Assembly.

SACRAMENTO, March 9.—The Assembly today passed several important bills, including that to provide for the completion of the new city hall in San Francisco, which has already passed the Senate; Clunie's Senate bill regulating the hours of labor, being strictly an eight-hour law: Brierly's bill creating an irrigation, drainage and water rights legislative commission.

This afternoon the house refused by 42 nays to 31 yeas to pass the Manufacturers' Stamp Bill over the Governor's veto.

SINGULAR BLUNDER.

Doubt as to the Validity of the New Agricultural Law.

WASHINGTON, March 9.—[By the Associated Press.] The Agricultural Colleges are flying their flags, and people who are especially interested in them are rejoicing in consequence of the passage of the Experiment Station Bill, but a doubt has arisen which would appear to indicate that the demonstrations are premature. The fifth section of the bill, the only one relating to appropriation, says:

"The sum of $15,000 is hereby appropriated to each State, to be especially provided for by Congress in appropriations from year to year from the sales of public lands, the first payment to be made on the first day of October, 1887."

This singular phraseology has been held to be an appropriating clause, but a close inspection of it has given rise to doubt, the weight of unofficial opinion being that no money is appropriated. If this is sustained by the authorities, the beginning of the new work will be delayed until Congress acts further.

NEW GOLD FIELDS.

Accounts of the Recent Discoveries in South Africa.

WASHINGTON, March 9.—[By the Associated Press.] Vice-Consul Knight reports to the Department of State, concerning the Transvaal gold fields, that the wonderful Shelba reef has been eclipsed by another reef discovered last summer, and known as the Thomas reef, from which samples of quartz weighing 2000 pounds, it is claimed, yielded 148 ounces of gold. These discoveries naturally gave an impetus to prospecting on a large scale, resulting in the discovery of marvelously-extensive and rich gold-quartz veins. The vice-consul says that he believes, after making inquiries, and getting the best information obtainable, that the Transvaal fields, when fully developed, will prove among the richest in the world. The recent discoveries have naturally given rise to no end of speculation in mining ventures, and a great rush of capitalists, miners and adventurers has set in to the fields. Near Shelba reef the city of Barberton has sprung up as if by magic, numbering already 7000 to 8000 people, and is rapidly increasing. The report concludes by cautioning persons without means not to venture into the gold country unless they be thoroughly-practical miners, as the conditions existing are very hard, and many will be doomed to bitter disappointment.

A CONGRESSMAN'S COMPLAINT.

Labor Reformer O'Neill Disgusted With the Late Congress.

WASHINGTON, March 9.—[By the Associated Press.] Mr. O'Neill, Chairman of the House Labor Committee, said today that he was greatly dissatisfied with the result of the session's work. "As a result of two years' hard work," he said, "we have practically accomplished nothing of value in the interest of labor. Two important bills that we were working on, that to prohibit the importation of alien contract labor and the Labor Arbitration Bill, which got through both houses, have failed of signature by the President. I do not know whether they got to him in time or not, but certainly they are lost."

The Treasury Department is informed that many trade dollars presented for redemption at New York have been split and filled so skilfully as to almost defy detection.

MEXICAN JUSTICE.

The Fugitive Lieut. Gutierrez Captured,

And to Be Handed Over to the United States Authorities.

The Author of the Nogales Outrage Likely to Be Shot.

Opium Smugglers Captured at San Francisco—A Noted Will Case Ended—An Eureka Murderer to Be Hanged—Baldwin Still Backing Volante.

By Telegraph to The Times.

NOGALES (Ariz.), March 9.—[By the Associated Press.] Word is just received that Lieut. Gutierrez, the officer commanding the soldiers who had the shooting affair with American officers, was captured this afternoon at Buena Vista, about nine miles from here, by parties sent in pursuit by the Mexican authorities. Judge Monteverde, Chief Justice of the State of Sonora, will arrive here from Guaymas tomorrow morning, and the examination of the prisoner will probably take place tomorrow at this place. Under the laws of Mexico, Col. Arviza, the instigator of the whole affair, will either be shot or sentenced to a long term in prison, which means that he will be reduced to the ranks of the Mexican army. Lieut. Gutierrez will undoubtedly be turned over to the United States authorities.

When the Mexican prisoners arrived here tonight, they were taken at once to the office of the police judge on the Mexican side, and in a few moments after their arrival no less than five hundred people assembled in front of the courtroom. There were Mexicans and Americans in the crowd, but a guard of soldiers prevented all outsiders from going into the room.

SAN FRANCISCO.

An Opium Smuggler Caught—Wetmore's Resignation Accepted.

SAN FRANCISCO, March 9.—[By the Associated Press.] Gustave Harris, quartermaster of the steamer Gaelic, was searched by the customs officers last night on leaving the steamer, and $150 worth of opium was found on his person. He was arrested, and today was taken before United States Commissioner Sawyer. He pleaded guilty to the charge.

The Customs officers searched the steamer Starbuck, which arrived today from Panama, and found 140 boxes of prepared opium, valued at $1400, in the stateroom of Samuel Sutton, second engineer. Sutton was arrested and placed under $1500 bonds. He claims to have been unaware of the concealment of the opium in his room.

OIL FIRMS BURNED OUT.

Shortly before 4 o'clock this afternoon fire was discovered in the large oil warehouse at the corner of Fifth and Berry streets. It spread rapidly to two others adjoining. The buildings were occupied by I. H. Graham, F. Joyce & Co., Yates & Co. and the Standard Oil Company, all dealers in gasoline, coal oil and benzine. The structures, with their contents, were completely destroyed. Graham is the largest loser, his loss amounting to over $18,000. The other losses will reach $9000. The insurance is small. The oil companies state that no fire was allowed in the buildings, and the belief prevails that the fire was incendiary.

DRUMMERS REFUSE TO PAY LICENSES.

The Eastern drummers in this city, actuated by the recent decision of the United States Supreme Court, have refused to pay the usual licenses. The Court held that it was against the Interstate Commerce Law that any municipality should charge commercial travelers from other States a license fee. License Collector O'Brien's deputies called upon some newly arrived drummers yesterday, but were met with a refusal by them to pay the license. Mr. O'Brien has referred the matter to the City and County Attorney, asking him for an opinion whether he is debarred by the recent action of the Supreme Court from collecting the licenses of drummers. The question is important, and will affect most merchants here, as not only are labor, rent, etc., higher here than in the East, but the business now done may, by the presence of the Eastern drummers, be reduced to Eastern rates in every respect.

WETMORE'S RESIGNATION.

At the meeting of the State Viticultural Commission held this morning the resignation of Charles A. Wetmore, chief executive officer, was accepted. Immediately after the acceptance, J. de Barth Shorb, in behalf of the grape-growers of California, presented Mr. Wetmore with a table service of solid silver.

FAILED TO AGREE.

The jury in the case of Roderick H. McLennan, charged with embezzling $307 of the funds of the Ancient Order of Foresters, while district secretary of that order, came into court this morning and reported their inability to agree, after being out all night. Judge Wilson thereupon discharged them.

THE NEW LABOR COMMISSIONER.

Col. J. J. Tobin, the newly-appointed Labor Commissioner, took possession of the office this morning.

THE WIDOW WINS.

Decision in the Todd Will Case at Oakland.

SAN FRANCISCO, March 9.—[By the Associated Press.] In Oakland, today, Judge Gibson decided the Todd will case, which has been on trial nearly five weeks. The contest was over the alleged will of John Morton Todd, an Oakland capitalist, who was killed by the cars about two years ago. He left an estate valued at $90,000. After his death an alleged will was found, bequeathing $30,000 to his brother, Walter B. Todd. His widow contested the probate of the will on the ground that it was a forgery. A decision was rendered in favor of the widow.

BALDWIN'S REPLY.

Terms on which He Will Run Volante Against Montana Regent.

SAN FRANCISCO, March 9.—[By the Associated Press.] E. J. Baldwin returned today, and was shown the dispatch from Memphis, Tenn., containing the conditions proposed by J. D. Morrissey in his reply to Baldwin's challenge made to James Murphy, Morrissey's trainer, for a race between the latter's Montana Regent and Baldwin's Volante. Morrissey proposed a race for two and a quarter miles for $10,000, to come off during the spring meeting of the new Memphis Jockey Club, which begins April 25th. To this Baldwin replies: "The proposition received from Mr. Morrissey is not in conformity with my challenge to Mr. Murphy. My challenge was to run Volante against Montana Regent for from $5000 to $20,000, Mr. Murphy to name the amount and I the distance, the race to be run on the track of the association giving the largest amount of added money, the same to go to the winner. My horse will not be in form to run as early as they propose, but I will now make the following proposition: I will run the match any time after the Latonia meeting for $10,000 or more, distance one and a half miles, play or pay, half forfeit. If this is not accepted it ends the matter."

MORRISSEY'S TERMS.

MEMPHIS, March 9.—John D. Morrissey, owner of Montana Regent, was shown E. J. Baldwin's telegram through the Associated Press. Mr. Morrissey says he will match Montana Regent against Volante for $2500; distance two and one-quarter miles, weight for age, race to be run at Chicago during the meeting there. Or he will give him $2000 expenses if the race is run over the new Memphis Jockey Club course during their spring meeting, which opens the last week of April. Morrissey further says that it is a fact well known to turf men that the horses of the Pacific Slope are at least three months earlier in their preparations than those of the South or West. According to this, Volante should be in better form than Montana Regent, but he will waive this advantage.

TO BE HANGED.

John Rogers to Suffer the Death Penalty at Eureka.

EUREKA, March 9.—[By the Associated Press.] John Rogers, convicted of the murder of J. H. Kimball, was sentenced yesterday by Judge De Haven to be hanged on Friday, May 6, 1887. The murder of which he was accused and convicted was committed on the night of May 28, 1886, while endeavoring to make his escape from the house of Judge Kimball, which he had entered with intent to burglarize. He was captured on the night of May 29th by a posse of armed men and lodged in the County Jail. His attorneys appealed the case to the Supreme Court, which affirmed the action of the lower court. The sentence was received indifferently by the prisoner.

NATIONAL NOTES.

The President Summarily Removes Two Obnoxious Officials.

WASHINGTON, March 9.—[By the Associated Press.] The President today directed the removal of James D. Bowie, Collector of Customs at Parkersburg, Va., and John Menshaw, supervising inspector of steam vessels for the Third district, which includes the Atlantic coast from Cape Charles, Va., to the extreme end of Florida. The latter has twice been suspended from office and then restored to duty, because of failure of the Senate to act on the nomination of his successor. In making these removals the President has taken advantage for the first time of the repeal of the Tenure of Office Act.

THE FIFTIETH CONGRESS TO MEET IN FALL.

Democratic members of Congress and those who have access to the President do not believe that there is any possibility of an extra session now. The present impression, as gathered by a Star reporter from conversations with members of Congress, is that the Fiftieth Congress will be called together in the fall, perhaps in October, in order that some of the important legislation before it may be matured early. It is a well known fact that Congress scarcely ever does any business until after the holiday recess. In view of the fact that questions of revenue and taxation, fortifications and others of great public interest must receive attention at the next session, it is thought that the President will call the session to begin in the fall, and that it will run along into the regular session.

EXIT MANNING.

Although Secretary Manning's resignation does not take effect until the 1st prox., he virtually severed his connection with the department this afternoon. In accordance with his expressed wish there was no formal leave-taking, but the very few officials who knew of his contemplated departure improved the opportunity to call and say "good-by." He was presented with a handsome floral design by the messengers attached to his office.

Mr. Manning will leave Washington tomorrow for a short visit to New York and Albany, prior to his departure for Europe. He is suffering from a severe cold, but otherwise his health shows no impairment since his return to duty. The Acting Secretary is still regarded as his most likely successor.

TROTTER'S COMMISSION SIGNED.

The President today signed the commission of Recorder of Deeds James Trotter.

THE NEW SIGNAL OFFICER.

Brig.-Gen. Greely today received his commission as Chief Signal Officer, to succeed Hazen.

GUNS AND FORTS.

Experiments of the Ordnance Corps—Pinched for Funds.

WASHINGTON, March 9.—[By the Associated Press.] The officers of the Ordnance Corps are much gratified with the performance of the eight-inch steel rifle now being tested at Sandy Hook. This gun was built at the West Point foundry, of English and domestic steel. Thirty test-rounds have been fired, and the trials will be continued during the summer with shots weighing 289 pounds and charges of American brown powder. The initial velocity of the projectile was 1875 feet. Gen. Benet says these results have been carefully compared with the records of trials of new navy guns and Krupp, English and French guns of the same caliber, and establish the fact that the Army eight-inch steel rifle is fully equal to the Naval gun, and better than the guns of corresponding caliber made by foreign manufacturers.

Touching the failure of Congress to pass the Fortification Appropriation Bill, Gen. Benet, Chief of Ordnance, today said that the result is to leave fortification and ordnance works in worse shape than they were after the adjournment of the last session. At that time there were a few fag ends of the appropriation available, but now the Ordnance Bureau and Engineer Corps must come to a full stop so far as concerns the construction of guns and fortifications. "The Engineer Corps," said the General, "has about surrendered its military functions and has been resolved into a body of civilians," devoting all its time to river and harbor improvements. Two 12-inch rifled cannon of cast iron, strengthened with steel, have been lying for months incomplete in the South Boston shops, Congress having failed to reappropriate a sufficient amount of money, already authorized to be expended, to put them in serviceable condition. There is no expectation among ordnance officers that Congress will pass the Fortification Appropriation Bill before the closing day of the next Congress, and during the next fifteen months there will not be funds available to pay even the watchmen at fortifications without garrisons."

San Luis Obispo's Debt.

SAN LUIS OBISPO, March 9.—The indebtedness of this city, $17,500, has been refunded and interest reduced from 8 per cent. to 5 per cent. The County Board of Supervisors have a similar course under consideration, and without doubt the entire county indebtedness will soon be bonded at a low rate of interest.

John Sherman's Southern Trip.

CHARLESTON (S. C.), March 9.—John Sherman and party reached Charleston at 5 o'clock this morning, and remained here until 3 o'clock this afternoon, when they left for Savannah, whence they will go to Florida and thence to Cuba.

PURLOINED PLANS.

England Agitated Over Those Stolen Designs.

The United States Legation in London Deny Receiving Them,

And the Navy Department at Washington Make Like Disclaimes.

Russia Paving the Way to Take Possession of Bulgaria—How the Late Revolt Happened to Fail—Bismarck Scores a Victory in the Reichstag.

By Telegraph to The Times.

LONDON, March 9.—[By Cable.] Commander Chadwick, United States naval attaché in London, had an interview this morning with Vice-Admiral William Graham, Comptroller of the Navy, at the Admiralty Office, in relation to the statements that Draughtsman Terry, who has been dismissed from Chatham Navy-yard, had revealed secrets of naval designs to the American Legation. The Comptroller said these were merely newspaper assertions, and that as far as the stories connected anybody in the legation with the dockyards treachery they were entirely false. All that the Admiralty knew was that Terry had sold to private persons designs which he had gained possession of by reason of his position in the government employ. The secretary of the American Legation emphasized his denials that any British naval plans had been obtained by under hand methods.

A NEWSPAPER'S COMMENT.

The Telegraph, commenting on the discharge of Draughtsman Terry from Chatham Navy-yard says: "If the charge that Terry's revelation went indirectly to the American Legation be true, and it be proved that the Government at Washington surreptitiously tried to bribe British officials to turn traitor, a violent wave of indignation will sweep over that country. The people of England and the United States are on friendly terms, and there is every desire on our part to maintain these relations. British dockyard officials are willing to show foreigners the details of English naval resources, but the nation desires all this to be open and aboveboard. Treacherous trafficking in state secrets, when discovered, will be visited with swift censure and punishment."

A DENIAL FROM WASHINGTON.

WASHINGTON, March 9.—[By the Associated Press.] Relative to the reported dismissal of the foreman in the English naval workshop at Chatham, for selling information as to the plans of vessels, torpedoes, etc., to this Government, it is said at the Navy Department that so far as this Government is concerned there is absolutely no truth in the charge. In this connection, the fact is, really, that Capt. Tichborne published a work about a year ago on the British docks and dockyards, which it was said contained information furnished to him in confidence and not for publication. Subsequently the author explained the facts satisfactorily, but it is possible that the discharge of the foreman just reported is the result of Capt. Tichborne's publication.

THE BALKAN SITUATION.

Russia Paving the Way to Occupy Bulgaria.

LONDON, March 9.—[By Cable.] The *Journal de St. Petersburg* accuses the Bulgarian Diet attorneys, at the command of the Regents, of torturing prisoners who took part in the recent revolution, and of commiting attrocities under the name of summary executions. Their revolting brutality, the *Journal* declares, will enlighten public opinion as to the real worth of these pretended defenders of the country. "We hope," says the *Journal*, "that these excesses may induce the conviction that there is urgency for the termination of the martyrdom of the unfortunate nation which Russia's devotion called into existence, and which is too great for European toleration to permit to be surrendered to anarchy. The limits of patience have been transgressed."

WHY THE REVOLT FAILED.

BUCHAREST (Roumania), March 9.—It is stated that Benderoff and Grueff should have led the revolt of troops at Silistria, but fearing to cross the Danube, owing to the flowing ice, sent fishermen on ahead with instructions for the commander of the garrison. The fishermen, either by accident or design, took the papers to the Prefect of the town instead of the commander. The latter, hearing that the authorities had wind of the plot, started the revolt prematurely, and thus, probably, prevented its successful accomplishment.

GERMANY.

The Success of the Septennate Army Bill Assured.

BERLIN, March 9.—[By Cable.] The Septennate Bill was called up for second reading in the Reichstag today. Stauffenberg's amendment, proposing that the term of the bill be three years, instead of seven years, was rejected by a vote of 222 to 22. Eighty-eight members abstained from voting. The Polish and Alsatian members were absent. The Socialists voted with the minority.

DE LESSEPS'S MISSION.

De Lesseps has arrived here. He was met by Herbetts, French Ambassador, and conducted to the French Embassy. It is stated that De Lesseps's mission here is to endeavor to secure Germany's assistance in neutralizing the canal.

A STRICT STEWARD.

A Jersey Parson Expels Two of His Flock for Dancing.

CHICAGO, March 9.—[By the Associated Press.] The Times' Jersey City special says: "A sensation has been caused at Seabright, N. J., by the action of a Methodist minister, Rev. Mr. Lake, in publicly reading Mrs. Ida Terry and Mrs. Georgie Phillips out of the church for dancing. When the notice was read from the pulpit many of the congregation exhibited signs of indignation and left the church at once. The ladies were only brides of a month, and the alleged offense was committed two weeks before their marriage, but has only just now been found out by the preacher. The affair has created much indignation, and many talk of forcing the parson to resign. It is alleged that he has also talked of expelling Clinton B. Fiske, the millionaire, and recently Prohibition candidate for Governor, on account of his owning part interest in a hotel where liquors were sold, but desisted through fear of loss of Fiske's monetary support to the church."

The Oakland Democracy.

SAN FRANCISCO, March 9.—The Oakland Democratic Municipal Convention last night made the following nominations to be voted for at the coming election:—For Mayor, Henry Hayes; City Clerk and Treasurer, S. Bachrach; Assessor, Polk Gray.

THE WEATHER.

Synopsis for the Past Twenty-four Hours—Indications.

LOS ANGELES SIGNAL OFFICE, March 9.—At 4:07 a.m. today the thermometer registered 55; at 12:07 p.m., 82; at 7:07 p.m., 59. Barometer for corresponding periods, 30.11, 30.12, 30.09. Maximum temperature, 85.0; minimum temperature, 49.0 Weather, clear.

Removal.

H. J. Shoulters has removed his stock of wall paper to 32 South Spring street (formerly at 9 North Main). Hereafter the store will be known as the Boston Wall Paper House.

Real Estate.

FOR SALE.

See These Bargains!

$800—Lot on Orange st.; bargain, sure.
$2500—One acre on best side Washington st.
$2600—3 lots cor. Washington and Oak sts.
$1500—2 lots, 52½x156½ each, one block from street cars; beautiful lots.

HOMES FOR THE PEOPLE!

—THE—

CALIFORNIA CO-OPERATIVE COLONY,

Incorporated under the laws of California, is established on a firm business basis, its objects being to buy, improve and sell land on the co-operative plan, enable persons of moderate means to secure homes at a minimum cost, and to build up and operate

A MODEL COLONY

in some good location in this State. The books are now open for subscriptions to shares. The capital stock of the company is $1,000,000, divided into 1000 shares, the par value of each share being $1000. The first 200 subscribers obtain advantages over those who subscribe in any subsequent series of shares; $11 paid now secures a membership in the first series. Each share held by one of the founders is upon a basis of 50 per cent. of the original cost of the Colony tract. One person can hold only one share.

A competent committee is now examining various sites which have been offered to the Colony, and a selection will be made as soon as the best location is found.

Applications by mail for stock subscriptions and for copies of the bylaws or other information should be addressed to the "CALIFORNIA CO-OPERATIVE COLONY," P. O. Box 656, Los Angeles, Cal. Temporary office, Room 56, Baker block.

MONDONVILLE

This Beautiful Tract,

BET. WASHINGTON & ADAMS STS.,

HAS JUST BEEN SUBDIVIDED INTO

284 Splendid Residence Lots!

—LOCATED IN THE—

SOUTHWESTERN SUBURBS!

On a plateau overlooking the surroundin country in every direction. It possesses the advantages of a pure and light air, constantly refreshed by a healthful and INVIGORATING SEA-BREEZE.

MONDONVILLE!

Is today the center of the most promising locality, as the majority of the fashionable and successful tracts sold lately have been in this direction.

The electric and a cable road, together with the two-horse car line, are rapidly stretching out in this direction, which is the main highway to Santa Monica and the new Harbor at Ballona.

Forty thousand vines and fruit trees are on this tract. Streets are lined with ornamental and shade trees.

WATER

Will be Piped in Front of Each Lot.

THREE LOTS RESERVED

For Public School and Church.

TITLE ABSOLUTELY PERFECT.

Price of Lots, $275 each, on easy payments, viz: $50 and $20 per month, WITHOUT INTEREST.

An elegant three-seated wagon leaves the office daily at 10 a.m. and 2 p.m. In addition to this, a conveyance will meet visitors at the terminus of the electric railroad.

For free ride, maps and information apply to

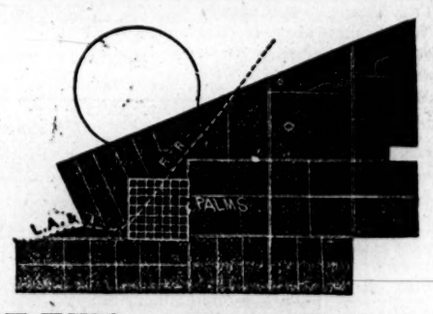
OTHER BARGAINS in all parts of the city and county. Please call.

WANTED—Several outlying pieces of 10 to 500 acres.

The Los Angeles Real Estate Company, 25 Temple Street.



THE PALMS.

Ten Miles West of Los Angeles,

Five Miles East of Santa Monica.

No Cold Winters. No Hot Summers.

THE PALMS IS ON THE SANTA MONICA BRANCH OF THE SOUTHERN PACIFIC Railroad, has six daily trains, and is only ten minutes' ride by rail and thirty minutes by wagon road to the most popular seaside resort on the southern coast.

THE PALMS has the most even temperature summer and winter of any part of Southern California.

THE SOIL is a sandy sediment and loam of great depth, and is the natural home of the fig olive, lemon, lime, apricot and that class of fruit that brings the largest profit in the local market.

PURE WATER is taken from gravel beds from 30 to 100 feet in depth, and is forced into a cement reservoir of 200,000 gallons capacity, which is covered by a roof to keep the water pure and cool for domestic purposes.

—NO SALOONS AT THE PALMS.—

Deeds contain a forfeiture clause prohibiting the sale of spirituous liquors. Size of town lots are 50x150 to a 20-foot alley. Villa lots from 5 to 10 acres each. Trees will be set out in the parks and on each side of every street.

Parties from Los Angeles can take the 9:30 a.m. or 12:20 p.m. train at the Commercial-st. depot and return on the 11 a.m. or the afternoon train, which leaves THE PALMS at 3:15 p.m.

A Combination of Equal Advantages Challenged in any Part of the World.

LOS ANGELES OFFICE, 25 TEMPLE STREET.

CURTIS & SWEETSER

OUR NEIGHBORS.

Ontario.

THE ELECTRIC RAILWAY—NEWS NOTES.

ONTARIO, March 9.—[Correspondence of THE TIMES.] Everything in Ontario is going forward swimmingly. Strangers and new-comers say there is a big boom on; but old residents know better. They know that the big boom is yet to come. But it is close at hand, and when work is actually commenced on the electric railway up Euclid avenue to the foothills, as it undoubtedly will be in a few weeks, then the boom may be expected to set in in dead earnest. Meanwhile property is changing hands rapidly, and at constantly advancing figures. When some six months ago the present situation was outlined in these notes, the forecast was thought by many to be too sanguine; but it is now proven not to have been sanguine enough. Realization has very considerably surpass expectations for the time which has elapsed, and that the experience of the next six months will exceed expectations in like manner may be taken for granted. . . .

The Bank block south of the railway is coming on well. The brick work is approaching completion and the entire block will soon be ready for occupancy. Other blocks are to follow immediately upon the completion of this one.

Mr. Piddington is building a fine residence east of the main avenue. It will cost, when completed, some $4000. Dr. Black will commence a residence somewhat after the same style of architecture, and costing about the same amount, within a few days, on San Antonia Heights. Mr. Tyson, San Antonia Heights, is also getting plans for a pretty cottage residence, which will run up to just about the same figure, viz: $4000. Mr. Brooks, who has only recently come among us from Topeka, Kan., and who is one of our most enterprising citizens, has the plans prepared for a $5000 residence, which he expects to have under way in the course of a few days. The fine residence of Mr. Frankish, costing $4000, is completed and occupied by the owner. On Sixth street Miss Stewart, of Los Angeles, is building a costly residence; Mr. Buckley's house on Laurel avenue is wellnigh finished; Mr. Holbrook's carriage repository will soon be ready for its stock of new vehicles; Mrs. Coulter's ornate little cottage is completed and occupied; and various other new buildings are gradually rising up in various parts of the colony.

The brickmaker who has his yard in the borders of our eastern neighbor is importing a machine for making pressed brick, and is trying to find suitable clay in Ontario. He says he sells nearly all his brick here, and he very sensibly wishes to manufacture as near as possible to the point of demand.

The contract for cementing and arching the water tunnel has been let to Mr. O'Bryan. This is an expensive undertaking, and is being done by the Ontario Land Company; but in improvements of this kind in the Model Colony expense is never allowed to stand in the way. When the cementing is finished, the work of driving forward will be recommenced and continued until the tunnel flows full to the top. The Model Colony is blessed with what is probably the best water right in Southern California, and the farther development is carried the more apparent this becomes.

Since last report land sales have been so nnmerous that it would occupy too much of your space to furnish a list of them. Few people care to wade through a half-column of transfers.

The engineers are now at work staking out the mesa villa lots on San Antonia Heights. For sightliness these lots certainly surpass anything in the country.

The Messrs. Bedford will have a staff of surveyors on laying out the new town on the Santa Fé line in a few days.

We are fortunate here in having a large number of land graders, and they are all as busy as it is possible for them to be. In whatever part of the colony one goes, new land is to be seen in process of preparation for planting. The scarcity of citrus trees is a drawback, but people seem to be able to find them somewhere. Mr. Stamm and Col. Pitcher, of Pasadena, are each planting out forty acres, and Mr. Benson thirty, all on Euclid avenue. Others are setting out places of smaller size on the same avenue, and on other streets the name of those preparing to plant is legion.

Among late purchasers of property here are two of your prominent citizens—Mr. Dotter and Mr. Johnson, of the Los Angeles Furniture Company.

Alhambra.

BUILDERS WANTED—GENERAL NOTES.

ALHAMBRA, March 8, 1887.—[Correspondence of THE TIMES.] The many friends of Dr. W. R. Jones are pleased with his convalescence, after a long siege of nervous prostration.

Mr. Jesse Avise, an old pioneer, is prostrated by a severe attack of rheumatism, an old enemy of many years' standing.

W. H. Whittemore has sold his ten-acre place to a newcomer from Chicago, for the snug little sum of $6000. Mr. Whittemore purchased this property three years ago for $1500, and yet he is not happy.

Property-owners on Cleveland avenue, with one exception, have agreed to widen this thoroughfare, thus making the broadest street in town, a beautiful boulevard, one mile in length, and seventy feet in width. Work on the improvement will commence at once.

The man with plethoric purse, seeking an investment, will find his opportunity by coming to Alhambra and erecting a business block, as, also, houses for residence purposes. Every store in course of construction is already rented, as well as those not yet out of the architects' hands. Not a semblance of a house but what is crowded from pit to dome, while the overflow seeks a home in the tents that dot the landscape o'er, like the festive mushroom in early spring. A young Bank of England will be his who thus takes time by the fetlock.

It is rumored that the Book Club will give an entertainment in the near future, the prominent attractions to be the reading of interesting (?) extracts from the "Book Buyer," and distribution of prizes among those of the society who have been able to discover a genuine joke or a witty saying in the London Punch. None but members will be allowed to participate.

The Assessor is once more abroad in the land. F. Edward Gray has been appointed a deputy for the Alhambra, San Gabriel and Santa Anita districts. Until he hath passed by corner lots will shrink perceptibly in value, to bob up again serenely. Solid silver will assume a plated demeanor, blooded stock will suddenly become broken-down ranch horses, while bank accounts will be found overdrawn, and many a middle-aged man will find it a necessity to affirm that the breath of sixty springs has passed over his head, thus allowing him to rejoice that he has escaped payment of his poll-tax.

YUSUF.

THE COURTS.

Yesterday's Doings in the Temples of Justice.

Before Judge Hutton, yesterday, the jury in the perjury case against J. H. Levering, was dismissed, being unable to agree. They stood ten for conviction and two for acquittal, as at the former trial. Twenty jurors out of 24 have held him guilty. Louis R. Neely pleaded guilty to forgery, and will be sentenced today. The charge against Thos. Williams, accused of an unnatural crime, was dismissed. Informations were filed charging E. Corrales and Frank Alviso with assault to rob. They were later brought up on a writ of habeas corpus, and the writ was dismissed. James O'Neil pleaded guilty to petit larceny, and was sentenced to five days in the County Jail.

Before Justice Austin, Maud Wilson, charged with the robbery of Bertie Ray, was dismissed. Robert Nelson pleaded guilty to petit larceny, and will be sentenced today. M. Johnson, charged with misdemeanor, was dismissed. The afternoon was taken up with the examination of G. B. Simpson, one of the gold-brick sharpers, as fully reported on another page.

The attention of Justice Taney's court is taken up with an endeavor to secure a jury in the case of Officer Dan Lynch, who tapped an unruly resister named Sands.

Pullman Passengers.

The Pullman passengers north yesterday were as follows: A. C. Hanna, E. Ferrin, M. H. Perry, W. H. Gardner, A. J. Dewill, W. H. Perry, G. C. Parkinson, J. N. Townsley, D. L. McDaniels, H. C. Brunner, R. Ditrich, L. Christian, Mrs. West, Mrs. L. Sands, Dr. H. Steele, A. Kelley, E. J. Chase, G. H. Schirpff, W. M. Gilchrist, N. H. Peaks, O. Zundel, R. Allen, L. Schudder, Gus Zorden, Mrs. J. C. Davis, N. C. McFarland, George Rodeau, Mrs. Bancroft, D. N. Walter, G. W. Bachelder, T. H. Lowell, A. Nickelsburg, E. B. Dickeman, J. M. Kiefer, J. W. Ray, E. M. Murphy, C. M. Sheffer, Mrs. Dumbro, C. W. Hackett, John Sloane, John Summers, Mrs. Hatley, J. M. Ingersoll.

True, He Will.

[Ventura Free Press.]

At last Mr. Lynch's lawyers have got to taking testimony. The first installment appears in THE TIMES of yesterday. If he has nothing better to present he had better stop at once. Gen. Vandever will have forty days in which to take testimony, at which time Mr. Lynch will wish he had taken the advice of his political friends and never begun the contest. Gen. Vandever will take the seat to which he has been honestly elected, in our opinion.

Fresno County's Exhibit.

Strangers in Los Angeles should not fail to visit the Fresno county exhibit at No. 312 N. Main street, and see some of the products of "fruitful Fresno," get information and documents concerning that productive county, where the climate and soil is the best, where water is abundant and where the land is cheap.

Squirrel and Gopher Smoker.

H. H. WILCOX.

SPECIAL LIST.

No. 598—10 acres on Washington st., a short distance from the new street car line, now being laid; house of 6 rooms; well, windmill and tank; small barn; 300 bearing apple and peach trees, 70 orange trees, 2 acres vineyard and a variety of small fruits; place is well fenced, well improved and among the most beautiful for a home in the county; price $8000

No. 1063—5-room house, neatly finished, barn, chicken house, corral, water in house, fine lawn, trees, flowers, etc.; lot 60x160, one block from street cars .. 2700

No. 1024—Dwelling, new, 5 rooms, bath and closets; splendid location; fine view; lot 69x120 4500

Choice building lots in the Aurora tract, on the new street car line on Washington st. Cheap and on easy terms.

Call at our office and we will drive out with you to the Acme tract and show you those fine, sightly lots, at a bargain.

57 acres choice land near end of electric railway and adjoining Arlington Heights; very desirable for subdivision into acre lots for villa residences; will be sold at a bargain.

No. 1016—Ten lots in the Judson tract, at from $1600 to $1500 per lot.

No. 608—Fine ranch, near city, 107 acres, all level land, fine soil, small orchard; house of 6 rooms, good well, windmill and tank, barn, corrall, shade trees, etc., a bargain for a few days only, per acre 55

One hundred acres very choice foothill land, free from frost; desirable for raising winter vegetables; requiring no irrigation; the finest land in the State; improvements; will divide it; 2 miles from city limits; on payments; per acre 300

This land is susceptible of a high state of cultivation; will produce from two to four crops per annum, owing to the variety planted, such as melons, potatoes, tomatoes, peppers, peas, beans, cabbages, etc.; $100 per acre net profit is but a fair estimate on each crop; this sum was realized per acre the present season from this winter vegetable land; winter tomatoes will yield much more than $100 per acre net, and melons and potatoes will average that amount; we plant tomatoes in August, potatoes in October, November and January, and then follow with melons, on the same ground, which will bring a return of $100 per acre net, without one drop of water; this soil will remain moist the entire year by proper cultivation; ten acres will make a man wealthy in a few years if properly cultivated; must be seen and investigated to be appreciated.

Part of the above tract has recently been sold to parties who will at once erect residences thereon.

Twenty acres on Pico st., at terminus of the electric railroad; suitable to subdivide into lots; for sale at a bargain.

Twenty-three acres near Ellis Villa College; beautiful and elevated; very desirable to subdivide into city lots; the best bargain in Los Angeles; for sale, cheap.

Those fine University lots 65x130 ft., fine soil, very desirable location, having the new University of Southern California, church, store, postoffice, two lines of street cars completed and another line soon to be built; splendid residences, excellent society and the finest drive in the city, at the very low price of $500 to $600 per lot; terms easy; if you see these lots you will purchase them.

A few choice lots on Ocean View ave., Nob Hill tract, cheap.

A few fine building lots on Grand ave.

We have a very large list of very desirable property of all varieties, as cheap as any in Los Angeles. Give us a call before purchasing. We will gladly show you what we have for sale, and we will not knowingly misrepresent to any one. If you have desirable property for sale at a fair price, leave it with us. We are selling more property now than ever before. We are not retiring, nor are we tiring. We keep our office open and warm evenings for the accommodation of working men and strangers, and to all who will give us a call we say, welcome.

H. H. WILCOX,
34 N. Spring st.

DEPARTURE.

RARE CHANCE.

I intend to leave Los Angeles in the month of May and am desirous of disposing of the following property on or before that time:

FIRST—My residence, No. 405 Temple st.; two-story house, 11 rooms and cellar, finely finished and built in the most substantial manner; good stable and outhouses; grounds nicely improved; lot 50 feet on Temple st., 150 feet deep; also, 47½ feet on Bunker Hill ave. by 199½ feet, with 20-foot alley; house completely furnished and in fine order. Also, one of the finest carriage teams in the city; carriage, phaeton, harness and fittings complete. This is a great bargain for parties wanting a complete and well-located home ready for occupancy.

SECOND—Two lots on Temple st., opposite Olive st.; graded; good location for business or fine residence site.

THIRD—Three lots in block 2, Park tract, close to business; two lots in block 8, Park tract, near Ostrich Farm road; five lots in block 10, Park tract; nice locality and near Temple-st. cable road; ten lots in block 11, Park tract, joining Angeleno Heights tract; A SPECULATION; a corner lot in block 13, Park tract; fine view; a choice lot; eight lots in block 14, Park tract; well situated and good view; seven lots in block 17, Park tract, near Temple-st. cable road; graded streets; ten lots in block 18, Park tract; fine locality; streets graded, lots level; one lot in block 22, Park tract, 150 feet from Temple st.; a bargain; also, 75 lots in the Beaudry Water Works tract, on Alameda st., near railroad depots; excellent location for business, warehouses, etc.; three fine, new cottages in healthful locality; magnificent view and only two minutes' walk from business center and horse-car lines; for sale at a bargain; one lot in Ocean View tract, and two in Washington tract; these will be sold cheap.

Owing to my departure, I am offering the above at prices considerably under the market value and on terms that will be easy.

For prices and conditions call at my office, 125½ TEMPLE ST., at car-house of Temple-st. cable railway.

V. BEAUDRY.

Medical.

TWO FRIENDS MEET.

"Hello! old fellow. What have you been doing to yourself? You look like a subject for the undertaker," exclaimed the man on the right.

"I have been taking mercury and potash mixtures until they have nearly ruined me," squeaked the old man on crutches.

"And I," said the other, "have been taking the genuine Swift's Specific, which has built me up from the first dose."

SWIFT'S SPECIFIC.

Nature's own remedy, made from roots gathered from the forests of Georgia. The method by which it is made was obtained by a half-breed from the Creek Indians, who inhabited a certain portion of Georgia, which was communicated to one of the early settlers, and thus the formula has been handed down to the present day. The demand has been increasing until a $100,000 laboratory is now necessary to supply the trade. A foreign demand has been created, and enlarged facilities will be necessary to meet it. This great

SIERRA MADRE 5¢ 11

J. N. GREGORY, SOLE AGENT,
CORNER

BUSINESS.

OFFICE OF THE TIMES,
LOS ANGELES, Wednesday, March 9.

In the local market, today, the price of Poultry advanced, Hens being quoted at $7.50@8.50. Choice Butter was from 1 to 2 cents lower. Milled Barley was higher.

George Morrow & Co.'s weekly circular has the following regarding the Hay market:

"Receipts for the week ending Friday, 2304 tons, a fair average. The bulk of the shipments is common in quality and slow of sale at reduced figures. Good and choice descriptions are in light supply and good demand, and will propably continue so. Quote choice Wheat at $13@14; No. 1 Wheat, $11@12; good, $9.50@10.50; fair, $8@9; choice Wheat and Oat, $11.50@12.50; good, $10@10.50; Wild Oat, $8@11; Tame Oat, $9@10; Clover, $8@10; Alfalfa, $11@12; Compressed Hay, $9.50@13; Straw, 45@50c."

Stocks and Bonds.

By Telegraph to The Times.

NEW YORK, March 9.—Money on call, easy at 2½@4½; latest loan, 4½; closed at 2 offered. Prime mercantile paper, 5@6.

Sterling exchange, dull but steady at 4.84¼ for 60-day bills; 4.87¼ demand.

Government bonds were dull and steady.

Immediately on the announcement of a new railroad deal upon stocks, the effect was to advance them at the opening, but the high figures brought out heavy realizations, and the improvement lasted but a short time. The opening was decidedly strong, with an advance over last evening's final figures ranging from ¼ to ¾ per cent. Later on, Western Union stocks concerned in the Baltimore and Ohio deal only were active, the remainder being quiet or dull. The advance of the opening was not maintained, and the entire list soon showed a sagging tendency. After the first hour, a Period of comparative dullness and steadiness was had, but the market soon gave way again, and sagging continued throughout the afternoon until near 2 p.m., when Western Union and Richmond and West Point displayed a decided weakness, and the downward movement was accelerated, the close being weak, at about lower prices.

ALAMITOS BEACH TOWNSITE.

This new seaside resort is located on the Pacific Ocean, 22 miles south of Los Angeles, and midway between the port of San Pedro and Anaheim landing. Alamitos joins Long Beach on the east, and has 10 miles of streets, which are to be neatly graded and lined with trees, and will be abundantly supplied with pure artesian water. An extra quality of pipe clay has been discovered on the townsite, which is now being moulded into pipe that is to conduct the water over the town. Three hundred thousand brick are burned and will soon be used to construct a vast reservoir.

The facilities for hunting, fishing and boating are abundantly supplied by the New River and its broad estuaries.

The elevation of Alamitos Beach, giving a commanding view of the ocean, islands, mountains, harbors and towns, together with its beach, which is unrivaled for its bathing and driving facilities, secures it forever a place in the forefront of seaside resorts. Write for agency and maps to

G. W. ELWOOD, Agent,
Long Beach, Cal.

W. R. BLACKMAN,
EXPERT ACCOUNTANT.

Partnership, Company and other accounts kept, investigated, arranged and arbitrated. OFFICE: Rooms 3 and 4, 117 New High st., Los Angeles.

Notice of Sale of Real Estate Under Execution.

MORRIS COHN, PLAINTIFF, vs. William C. Chormicle, defendant. Sheriff's sale, No. 811.

By virtue of an execution issued out of the Superior Court of the County of Ventura, State of California, wherein Morris Cohn was plaintiff, and William C. Chormicle was defendant, upon a judgment rendered the twenty-sixth day of February, A. D. 1887, for the sum of forty-four hundred and seventy ($4470) dollars in gold coin of the United States, besides costs and interest, I have this day levied upon all the right, title, claim and interest of said defendant, William C. Chormicle, of, in and to the following described real estate in Los Angeles county, California, to wit: The west half (W ½) of northeast quarter (NE ¼) of section twenty-four (24), in township five (5) north, of range seventeen (17) west, San Bernardino Base and Meridian, containing eighty (80) acres of land, together with all and singular the tenements, hereditaments and appurtenances thereunto belonging or in any wise appertaining, and the reversion and reversions, remainder and remainders, rents, issues and profits thereof.

Public notice is hereby given, that I will ON WEDNESDAY, THE 30TH DAY OF MARCH, A. D. 1887, at 12 o'clock m. of that day, in front of the Courthouse door of the county of Los Angeles, on Spring street, sell at public auction, for cash in gold coin of the United States, all the right, title, claim and interest of said defendant, William C. Chormicle, of, in and to the above-described property, or so much thereof as may be necessary to raise sufficient to satisfy said judgment, with interest and costs, etc., to the highest and best bidder.

Dated this 7th day of March, 1887.

JAMES C. KAYS,
Sheriff of Los Angeles County.

DELINQUENT NOTICE.

CAMBRIA MILL AND MINING COMPANY.—Location of principal place of business, Los Angeles, Cal. Location of works, San Bernardino county, Cal.

NOTICE.—There are delinquent upon the following described stock, on account of assessment No. 2, levied on the 17th day of January, 1887, the several amounts set opposite the names of the respective shareholders, as follows:

NAMES.	NO. CERTIF.	NO. SHARES.	AM'T.
S. A. Barrett	13	250	$100 00
Geo. C. Hopkins	6	5,998	2,399 20
D. McFarland	2	5,998	2,399 20
W. A. McFarland	11	250	100 00
O. G. Weyse	4	5,998	2,399 20

And in accordance with law, and an order of the Board of Directors, made on the 17th day of January, 1887, so many shares of each parcel of such stock as may be necessary, will be sold at public auction, at the office of the company, room 3, 25 West First street, Los Angeles, Cal., on Wednesday, the 16th day of March, 1887, at the hour of 1 o'clock p.m. of said day, to pay said delinquent assessment thereon, together with costs of advertising and expenses of the sale.

W. G. HUGHES, Secretary.
Office, room 3, 25 West First street, Los Angeles, Cal.

Proposals for Drayage.

HEADQUARTERS DEPARTMENT OF ARIZONA, OFFICE OF THE CHIEF QUARTERMASTER, ARMY BUILDING, LOS ANGELES, CALIFORNIA, Feb. 12, 1887.

SEALED PROPOSALS, IN TRIPLICATE, subject to the usual conditions, will be received at this office until 11 o'clock a.m., on Saturday, March 12, 1887, at which time and place they will be opened in the presence of bidders, for the hauling of military stores and supplies in the city of Los Angeles, Cal., during the remaining portion of the fiscal year ending June 30, 1887.

Blank forms of proposals containing the particulars of the service required, and conditions, etc., will be furnished upon application at this office. The United States reserves the right to deliver the whole or any portion of the stores to the contractor; also, to reject any or all bids.

Envelopes containing proposals should be marked "Proposals for Drayage," and addressed to the undersigned.

A. S. KIMBALL,
Quartermaster U.S.A.,
Chief Quartermaster.

Notice to Creditors.

ESTATE OF MARY E. PARKER, deceased.

Notice is hereby given by the undersigned, administrator of the estate of Mary E. Parker, deceased, to the creditors of and all persons having claims against the said deceased, to exhibit them, with the necessary vouchers, within ten months after the first publication of this notice, to said administrator, at the office of R. W. Ready, room 15, Allen block, in the city of Los Angeles, county of Los Angeles, State of California, the same being the place for the transaction of the business of said estate.

Dated at Los Angeles, Cal., Feb. 21, 1887.

Real Estate.

IVANHOE

700 ACRES

In Los Angeles, Divided Into Only

1300 LOTS.

PRICES OF LOTS:

Up to 100 ft. Front, $150; Half-acre Lots, $200; From 1-2 to 1 Acre, $300; From 1 to 4 Acres, $400; 5-acre Lots, $750.

TERMS—One-fifth cash, balance in eight equal monthly payments, without interest. These prices will continue only until June 1, 1887, when they will positively be advanced. All who purchase before that date will have the benefit of the advanced prices.

The entire tract is beautifully situated, with a charming view, pure air and water and perfect drainage. The Ostrich Farm Dummy Railroad runs through the tract, with a five-cent fare guaranteed to and from the center of the city. This road will be completed to the tract July 1, 1887. Pure and abundant water will be piped thro' all the streets.

The title to the property is absolutely perfect. A complete abstract will be kept in the office of the company for the inspection of all purchasers, and a certificate of title will be furnished to each buyer with his deed.

This tract is situated upon the hills, which are rapidly becoming the most desirable residence portion of the city. The soil is a warm, sandy loam, free from frost, being in what is known as the warm belt. The elevation is such that the temperature is more even than in the city.

NOTE—The first purchasers have first choice. Free carriage to the tract every day from the office of the agents, at 9 a.m. and 1:30 p.m. Maps and circulars and all information can be had from

THE GOLD BRICK.

EXAMINATION OF ONE OF THE SHARPERS BEGINS.

Mr. Sherman Tells How He Was Swindled Out of $1700.—Another Almost Victim of Smoothy Simpson Shows Up in Court.

The case of the People vs. Simpson was called yesterday, at 3 p.m., and both sides found ready.

J. S. Sherman, sworn for the State, said he was in the drug and real estate business. Knew the defendant, Simpson, about seven months. Put in $1700 into a gold brick. Simpson put in—I don't know the exact amount—and we lost it. That's the long and short of it. Simpson told me a man named Monte Pete had a gold brick worth $15,000, and we could buy the brick for a small sum, and proposed we should go in and buy it, which we did. Simpson first told me of it in his store, corner Fourth and Fort. Theo. Zeigler was in business with Simpson. Don't know whether I had other talks with Simpson. The one talk was in the evening. Simpson knew of Monte Pete. Didn't say he had ever seen the brick. Said Monte Pete was from Mexico. I think the brick was from Mexico. I objected to going into the scheme. Don't remember what I said in response to Simpson's proposition. We bought it. My objections were I didn't like to invest in such a scheme; it looked suspicious. Simpson said Monte Pete had said he was broke and would sell for that amount, as he didn't want to show up in Los Angeles. We went to the Aliso-street bridge in Simpson's wagon at 8 o'clock p.m. Simpson said this fellow would meet us there. We drove to this end of the bridge. Monte sat by the electric light. Monte said he had a brick, brought from Mexico. He didn't like to try to sell the brick here. Wanted to get out, and we could have it for $4000 or $5000, and were at liberty to bore into it. We agreed to come next night. I never saw him before. He had his coat turned up, and a handkerchief over his chin. We went back. Had no more talk with Simpson next day that I can be sure of. Next night, at 8, we went down to the bridge in his wagon. We set that hour to go. No one went with us. Monte Pete sat in the same place he was in the night before, and was anxious to have us drill the brick. I drilled it. Mr. Simpson had the bit. Pete said he had the brick on the other side of the river. We drove down into and across the bed of the river, and he had the brick in the bushes. We put it on a paper, and I bored it, while Monte stood guard, with a gun in each hand. When Monte thought he heard some one coming, Simpson saved the shavings and I pitched the brick into a sack and put it in the bushes. We were to get the shavings tested and come back next night, and Monte would take the money and deliver the brick. We drove back up town. I took the shavings. They were wrapped up in a paper. I bored three holes, about one and one-half inches deep. We agreed to test the shavings and get our money ready next day. Went to Bartlett Bros.; had the shavings tested and pronounced sixteen to twenty karat gold. I was to furnish $3000, but I got only $1700. We went down to the bridge again in the wagon. Pete was not there. We waited, and drove up and down. Then Simpson went over the bridge and found Pete hiding. Pete brought the brick across and put it in the wagon. Simpson gave him the money. Simpson stood on the ground. I unwrapped the brick and saw it. I gave my money to Simpson in greenbacks. I didn't count it then. I don't know what Simpson paid. I suppose he paid the $2700. Monte didn't count the money. I handed my money to Simpson at his store. We drove back up, and I took a hatchet and tapped the brick. We put sulphuric acid on it and tested it several times. It weighed about fifty pounds. We became sure it was not gold. About 10x4x3½ inches was the size of it. Mr. Zeigler saw the brick. We tested it and found we were poorer than we were the night before, and agreed with Zeigler to throw it in the river, and I went to bed. I have the shavings in my trunk, labeled "Experience, $1700." I would rather lose it again that come up here and testify. I went to bed. I didn't sleep, though. Talked with Simpson afterward, and we felt pretty bad. The first price was $4000; we beat him down some, I think to $2700. Zeigler put in $500. I do not know where the brick is now.

Cross-examination: Don't know that Simpson's roll contained money, or that he had any money with him. Have been friendly with Simpson since. Simpson said he would try to beat Pete $300, but when he gave Pete one roll, and Pete said, "Is this all, Simpson?" Simpson handed him another roll. The brick we got looked like the same we bored into. At the store I thought it was not the same brick. Mr. Simpson failed in business on account of this loss, apparently. I thought so because Simpson said it ruined him. I didn't know about Simpson's affairs fully. All the little points I didn't notice as close as I would if I were buying a brick again. After I hid the brick in the bushes I saw Simpson wrapping up the shavings. I was slightly excited at the time.

John W. Francis, sworn: Am a real-estate agent. Have known Simpson about a year. Simpson sold me of a brick after New Years'. Said a man had wanted to sell him a gold brick worth $10,000, and would sell it for $3000. I said I could only put in $500. Simpson said he could put in $500 if I would put in $2500, and stand the pro rata of the 10 per cent. the agent of the gold brick man would charge. The owner didn't dare to show up, so employed another. Simpson saw me again, and next night brought the man, called Johnson, and said "Here's the man." This was in January. [The defense objected to the testimony, because it had no bearing upon the September proceeding. Argued by the State affirmatively, as necessary to show the intent of the defendant, and hence his guilt or innocence in the former case.]

Recess taken till 10 a.m. today to allow the defense time to cite authorities in answer to the State.

BRIEFS.

The excursion to the Colton citrus fair starts to-morrow.

The Santa Rosa sails north today, and the Los Angeles tomorrow.

A marriage license was issued yesterday to H. C. Trailor and L. Henderson.

A. Rinkerbaugh was placed under arrest last evening on the charge of selling liquor to minors.

The Lynch-Vandever contest goes on before Notary Public Owen at 10 o'clock this morning.

Chautauquans will be glad to know that Dr. J. S. Ostrander has been secured to lecture at the coming assembly, fully equipped for lecturing upon and illustrating the customs of the Orient.

Wm. H. Lordan, of Monrovia, a pensioner, writes to THE TIMES complaining that he has not received a pension check, mailed from Boston, December 29th last, to his address at Pasadena. The letter was forwarded from Pasadena to Riverside by the postmaster of the former place, but Mr. Lordan asserts that he can get no satisfaction out of the Riverside postmaster about the letter. As the matter stands, he fears that the check has been lost or stolen.

Medical.

SPECIAL NOTICE

TO THE AFFLICTED.

DR. M. HILTON WILLIAMS

Continues to treat all the various diseases of the *Head, Throat and Chest*, including the *Eye, Ear* and *Heart*, by his new and complete system of *Medicated Inhalations*, combined with proper constitutional remedies for the *Stomach, Liver* and *Blood*, etc. Probably there has never been any system of practice so popular a one that has so completely revolutionized the system of medical practice as the Aerian or Inhalation System, for head, throat or lung affections. The cures effected are simply marvelous, and can be substantiated by the very best citizens of Los Angeles. During the past three years we have endeavored to be conscientious with our patients, and if, upon examination, we find, in our judgment, the case to be of an incurable nature, we unhesitatingly inform the patient or friends. We believe this system to be justifiable and are ready to condemn any physician who would do otherwise.

Below we give a sample of the cures effected by us.

LOS ANGELES (Cal.), Sept. 24, 1886.

Dr. M. Hilton Williams—DEAR SIR: I have been contemplating for some time past making a statement of my case and the benefit I have derived from your treatment, remembering how glad I would have been could I have seen something of the kind from a person in the city to whom I could have referred, when I first came to Los Angeles from my home in New York State.

I had been suffering for several years with what various physicians in the East pronounced "chronic ulcerated laryngitis." I spent considerable time at the Clifton Sanitarium, and employed the best medical skill I could find, all without any permanent benefit, and, a last resort, our family physician recommended Los Angeles. For a time I improved, and then I began to go backward and all my former symptoms returned.

Through a medical friend I was induced to try your treatment, which I did August 29, 1884. I become very much discouraged at times, but persevered, as I felt almost desperate and knew of nothing else to turn to. My throat trouble, being aggravated by a serious stomach difficulty, made it very obstinate to deal with, but at last, after persevering for a time with the use of your remedies, I consider I am permanently cured. If this will be of any value to you, you are at perfect liberty to use it; also to refer any one to my mother, my husband or myself. Very truly yours, MRS. J. D. WILEY,
821 Olive street, Los Angeles, Cal.

RIVERSIDE, Oct. 17, 1886.

To the many testimonials won by Dr. Williams it gives me pleasure to add my own to the list so highly in his favor. For nearly two years I had been suffering from throat and lung trouble, brought on by catarrh. Had tried many remedies in the meantime, but found only temporary relief. After two months' treatment, prescribed by Dr. Williams, my cough left me altogether and I now have no pain in my throat or lungs as formerly. I cannot speak too highly of the benefits I have received and shall ever be grateful to one who is worthy of the highest recommendation.

Miss MINNIE H. HARRIS, Riverside, Cal.

NEWHALL (Cal.), Sept. 22, 1886.

Dr. Williams—DEAR SIR: I write to tell you how much I thank you for what you have done me. My catarrh and deafness, which have been a burden to me for so long a time, are entirely cured, and my general health so much improved that I feel like a different person. Thanking you again for your many deeds of kindness, I am respectfully yours,

Miss ANNIE RICHARDS.

LOS ANGELES (Cal.), Dec. 4, 1886.

Dr. M. Hilton Williams—DEAR SIR: I desire to let every man, woman and child know that you were instrumental in saving my life from that foul destroyer, consumption. I came to Los Angeles from Quincy, Ill., on the 10th of June, 1886. The very next day I began treatment. I was at that time afflicted with a large cavity in the upper lobe of the right lung, from which I had suffered ever seven years, but, thank God, you cured me in 16 weeks' time, and now I am as well and strong as ever. Tell it to all. Yours truly, JAMES JESSOP, Quincy, Ill.

P. S.—I go home tomorrow.

Persons desiring treatment by this system of practice can use the remedies at home as well as at our office, and which will cause no inconvenience or hindrance to business what ever.

I have seen so many of these cases cured that I do not consider any case hopeless unless both lungs are seriously involved. Even then the inhalations aid us in dissolving the mucus and in contracting and healing the cavities, which nothing else can do with the same success. The very best references from those already cured.

CONSULTATION FREE.

Those who desire to consult with me in regard to their cases had better call at the office for consultation and examination, but, if impossible to do so, can write for a copy of my Medical Treatise, containing a list of questions. Address

M. HILTON WILLIAMS, M.D.,
275 N. Main st., Los Angeles, Cal. Office hours from 9:30 a.m. to 4 p.m.

Real Estate.
